Cloudy in early Aftn., raining during Aftn.; streets running water.

This Aftn. I went to Gray Herb. and was there most of the morning. Weatherby helped me on some problems. Saw Freeman & his boy Milton, Johnston & others. Returned by 1 Pkn. in the windy rain and running water.

At home this Pkn. and evening. Worked on cards for our Local Flora wrote letters and was busy generally.

We are progressing with our Local Flora & are making good progress. I keep two extra copies of Rhodora and shall make a book of it, though much will be rather ancient. That is inevitable

at the Hastings the Guest - Mrs. Ford
× could not see. the trees so at Flat Ther TUES. JAN. 2, 1923 Wea
rivers - Mrs Scales is at Smith College

Clear, mild, snow dis-
appearing, calm -

This morning I walked down to the P. O. and Harv. Inst. Made a deposit, bought postage stamps and walked back home calling at P.O. for Mrs Ford × Mrs Scales × and meeting Frost on the way.

Rudolfan appeared by 1.30 and we worked on the Local Flora in great shape till the middle of the evening finishing Solanaceae and Scrophulariaceae. That was great work - I shall be glad when we finish Hieracium, for that is the last genus. I think the work will be useful. The work of this kind, coming out at intervals can be up to date at the finish - We shall keep at it.

Cloudy Am., snowing in P.M. and through the evening. Real winter coming - hope cure not too -

This A.M. I took some problems over to the Gray Herbarium. Saw J. M. Greenman and bade him good bye. He is now on his way to St. Louis. I have enjoyed seeing him so much. Rydberg named some sheets of Physalis for me -

Home to lunch -

This P.M. worked at home on various things.

Went in to the Public Library and met Miss Broom there at 6.30. Ate tea lunch nearby and walked down to the Bost. Soc. Nat. Hist. and heard Barbour on his Panama experiences collecting. Very good. Met friends. Home by 10.20

Big snow storm last night and through the A.M. Snow light. Sun came out in P.M.

A real winter day. The snow effects on the trees & shrubs is wonderful.

This A.M. I worked at home. About noon I walked down to the Scotales. I sat some time with Mrs Scotale who is well. Dr. Scotale is in bed with trouble in the groin, some kind of auto-intoxication. It is thought. He has suffered a good deal, but was more comfortable and on the sofa up stairs. I did not see him — Mrs S. feels encouraged.

P.M. Evening at home over accts, letters and work on Local Flora. In the latter we are pushing ahead

Sunny, mild -
This a.m. I took to Gr. Hd. a lot of my Botanogelatus for Hugh. Fernald - I named a few plants & Miss gave me the Local Flora, and made some cards in Gr. Hd Compositae - Saw Heatherly, Rydberg &c
Then went in to Boston W. & R. Churchill's -
We lunched together at the Georgian Cafeteria and had a good talk.
Then I returned home and rested some -
This evening I worked on my Annual Report for the Shakespeare Club -
3 deaths & 2 resignations during the year -
We must have a new 2d Vice-Pres. & Treasurer Clara Howe will resign.

Snowing all day, cold, windy.

At home all day. I spent most of the time drawing up my annual report to read before the Shakespeare Club on Tues. evening next.

I did a little work on the Local Flora distributing cards, &c. We are making good progress.

The botanists who have been at the Gray Herb during the week have gone - Weatherby called me up last evening - He was alone at the Gray Herb. He told me that the Cattle Board sent me in a letter some time ago from Mrs. Trinidad was Hemionitis palmata. I'll report to Carr -

Cloudy, cold with flakes in the air at times
Mercury 12° F.

This morning I went over to Dorchester and spent the day with J. R. C. H. family till 8 P.M. We worked very quietly not getting over much ground but observing numerature in several cases. Without authentic material to use for comparison it is not easy to identify with certainty.

On the P.M. we came in the snow back of the house a small brown rabbit flundering about. Anna got it & found it was a very young Belgian Hare that escaped some boys near by - They came & got it. Its eyes were not open.

I returned home at 8 P.M. Time from Andrews to H. Sq. 16 min.

Snow, rain, cold. Roads almost impassable.

It has been a very dull day and I have kept the house.

Mrs Brown has felt some irregularity in her heartbeat & Dr Houghton came this afternoon & prescribed. It may be due to cocaine that was put into her finger when she had it opened last Wed. Jan. 3 She has kept on her back quite to-day and is comfortable. Lizzie is getting over her lameness.

I am quite well. I did not go to the N.O.C. this week.

The day has been spent in writing, reading, arranging my cards &c. Xmas. A number I shall answer.

It has been a very comfortable day within and I felt home was better,

Snow, snow, roads very very bad, almost impassable. Cars heavy. Conditions bad everywhere. Cut home A.M. & P.M. Snow. Of course - Worked for C. S. Peare P.M.

This evening Mary Dyke & I drove to Mrs. Jones to the Shakespeare Club. Car rocked like a ship at sea - We had a very pleasant annual meeting in spite of only 13 members being present. Mrs. G. H. Browne had a very interesting & instructive paper on Hamlet and there were prints of Hamlet by famous artists hanging on the wall - I have been Secy for exactly 40 years. - Jan 9, 1883 - Jan. 9, 1923 -

Heavy clouds, some snow and some rain drops.

The day has passed busily with Shakespeare records and notices for next Jan. 23 with extra notice of Kittredge's lectures at Sanders Theatre.

Walked to Harvard Sq. at noon to hair I must be Dr. The walking is very bad indeed, I don't know when it has been worse.

Mrs Brown has had a comfortable day. She has been on the sofa in the front room all day and has not felt any of those little sleeps, as she calls 'em during the day. I can't but feel that she will be all right and my

Sun and cloud, air
5°, evening cloudy
Worked this morn
on the Shakespeare no-
tes, inserting tickets &
Prof Sellwood's lectures
and then I walked down
to Harvard Sq. and put
the bunch into the mail.
To Harv. Trust & Harv Coop.
Walking very slippery
and treacherous. Roads
abominable -
Rest of day at home.
Read the mail - wrote
read & sew -
This evening I wrote
a letter to Carl about
his talk to me this
morning which I don't
like at all. Karl is
never pleasant to me
and yet heretofore we
have been hopeful -
He does not mean it -

Cloudy, snowy, cold, disagreeable —
At home all day. I wrote a few many letters to relatives, with whom I correspond once a year — One was Mrs. Richardson Mattie Bebb of old days. She is well and happy in California (Porterville) with her husband and four children —
Miss Boorn has had a very good day and has moved about some as of old. She has got to be very careful though, and let things resume their accustomed sway. The doctor will call again to-morrow —
I read a bit to-day in Hornaday's "Minds and Manners of Wild Animals"

Clear, cold, glorious.
Early this Mn. at 5.30. we saw the waning moon & Venus drawing together. It was glorious. Sky clear.
The occultation occurred at 7.10 and lasted 5 minutes Venus just cleared the top of the moon. It was getting light. It was a beautiful sight from 5.30 to 7.15 —
This Mn. I got out a notice & sent it to the Shakespeare Club, an invitation to the exercises at Radcliffe on Jan 16. in memory of Mrs. Meeks. I put them in the P.O. by 1.30.
Called at Mary's in Pm. Ezra has a bad cold —
Charlie Batchelder came this Pm. & took a lot of J.R.C.'s duplicates —
Dr Humphries called this Pm. Louis is doing well but must still more
To Boston Symphony with Sprague

Cloudy, some sunny
at home all day.
Written, read, & fixed.
Did up in Shellmound
C. Laxiflora sprays to
parcel post & Miepaid
for Peace -
Miss Brown has been
quiet all day acc. to
Doctor's orders. Her
arm from the finger that
was opened to the shoul-
der aches some - I hope
that will become co-
nverted - otherwise
she feels comfortable
Her bro. Geo & cousin
Etta called & sat with
her this afternoon -
Geo. & Joan came by 5. Plu
and we sat by the fire
and talked long -
Evening at home alone
The time sleeps away
George Deane's fever has left

Mrs Brown has kept very still
all day. She is comfortable.
Snow in AM. Then clear
rest of the day except
for light clouds.
Streets very bad shape
Walking pretty good.
This AM. I took a pckg.
& Carey Lay Iflora Evans. to
Shelburne & sent it to
Maryland by Parcel Post
Then to Clerk's Office where
I worked for Reade till
noon. Ther. Sensible
7 & 7 and this
lunched at Huron Cafe.
I called on Dick & Mrs.
Dana in Cafe Rm. Pleas-
ant talk. 6-8 Thurs
Jan 7 went to Library
Bldg. Epis. Theol. School in
evening & heard Mr Carruth
give a Lecture on Luca della
Robbia with beautiful
slides. Very scholarly.
Walked with him & Rose home
with him.

Cold - working -
This Aft. I worked
at Library - Took a bus
out to Radcliffe.
This Eve. I went to
Radcliffe College to the
Memorial Service for
Mrs. Josephine Preston Peabody
Marks - I could not stay
entirely through but left
in the middle and met the
Chestnuts and dined in
Boston Vendome Hotel
Price at $5.00 - Mr. Fletcher
gave a dinner to some 30
ornithologists - The occasion
was very marked - I sat between
Judge Mallett & Ernest H. Baynes.
Speaking - Each member was
handed after dinner. Very bright
told to report 1 yr. hence -
Whistling bird sang by my seat
Jobe gave 3 rolls of moving
pictures of northern bird life -
Home rather late -

Letter from William Foord.
3 Ther WED. JAN. 17, 1923 Wea
see page 5
Celear. cold -
Mrs Brown still lies on the bed till the Dr. comes again. Heart seems right. Position very tiresome I should understand it.
Mrs. Baldwin comes daily & Mrs. Edmands —
Early P.M. went to Mary's. Got papers from Bruce. Carl to Hart Sq. Called papers at P.O. To Harv. Trust. Deposited everything. Electrics to Boston for Red Hunt - Bird banding Comm. meeting. Charles Town Sent elected Pres - Talk by Mr Baldwin & others. Some photos of night-Hawk eggs - To Harv. Sq. & 5th P.M. met there Wm H. Foord by appointment To Widener Library, met Lane and Winship. Saw others. Then to Harv. Union. Dinner. Electrics home. We had a good time here & long talk. It was a treat. He left by 10 P.M.

Cloudy very cold —
At home all day
Miss Brown has been
moved into the library
where a bed is set up.
Dr. N. says she must be
still until further orders.
She did not sleep well last night
but she feels well. No pain
except at times a feeling
from the finger up the arm.
A most unusual event,
Mrs. Bolton (Ada), is to be with
her, night & day. She will go
home a little while daily.
I am alone in #29 —
I have been busy
one thing & another
today, not feeling much
like doing anything.
This a most unusual
condition, and I only wish
Dr. N. would say a bit more
about Miss Brown. He only says
she is getting on. —

Clear, cold -

This A.M. I went up to 80 Fpark St. and got some errands for George Boo at the School. He is slowly improving. I took the car down. At the Trust Co. I asked a few questions of Mr Sprague in re loan. Came walked back to George + had quite a while there. Rehearsal at Emerson Hall room for a while.

At 7.15 drove to Tavern Theatre and heard Mr Kittredge on Othello. It was a very masterful address and I was intensely interested. He has great command of language. He made every character exist in itself. Iago was the center of the play.

Walked back with Mr. + Mrs Bradford. Miss B. much better

Clear, cold, clearing
This A.M. I took Bradley
boy Parker to the 1st Audubon
Lecture in Tremont Temple
First was splendid at
whistling bird notes.
The moving pictures at the
end in protecting the
Heron plumes was good
The main lecture by

was not interesting -
Home by 12.30.
P.M. at home
Knowlton came and we
worked hard on focal
Plane setting into Gaslum.
This is encouraging -
Miss Boom is ever so much
better. Ada Balston is so
nice in every way as a
helper
Two loan offers went in
to-day. That is good -
Now for one of Brotherhood Coal

Mrs. John Marshall 259 Beacon St, Boston, came after dinner.

Ther SUN. JAN 21, 1923 Wea

Cloudy, mild, melting body, streets & sidewalks afloat.

At home this forenoon various things -

At 12.30 went over to Mildred Kennedy's to dine. Met there Mrs. Florence Bottum & Mrs Wilson Follett & daughter very nice talk with Mildred over many things - Saw Tell Yokum & Mrs. Mrs's little 8 year old daughter Barbara very precocious, reciting up & singing songs in a language of her own quite remarkable. Mildred is intensely taken up with her work and is very happy -

Very bad walking on the way home - Sidewalks poorly shovelled -

I shall have a very busy week - Events will come close at times.

2 tons of coke put in yesterday

Light snow, clearing cold —

This Afn. I worked at home on Shakespeare Celub. People giving out. Called on Mary. Sra still in bed —

Eve Pln. with Bowen & Jane decided to give up the S. meeting to-morrow. People giving out. Nyleen (Shylock) sick. Jane in bed with grippe. Miss Houghton agreed. Sent out notices and they were mailed this morn.

Drove to & from C.H. Batchelder's - Council meeting - At regular meeting Charlie & Ernest talked with views on his Europe trip - Eve I drove to & from his house. Am glad to go to bed !!

Sun o'cloud cloudy.
Going, over - [illegible]
This A.M. I walked to
[illegible] Square. Called at
Talked with Randolph in re
Library Board as regards taxes.
He said, say nothing about them
in the Mass. Tax papers. He
will tell me later about the
Federal Tax. I sold all my
Liberty & Victory Bonds last April.
Went to Lincoln Savings Bank
This P.M. worked on my
Mass. Tax, yesterday & to-
This evening Sherman took
Mrs Shaw (Ellen Tuck) & Sanders (Nellie who
was [illegible] Prof. Kittredge on
Julius Caesar. It was a very
fine scholarly presentation
of the characters. He is a
fine scholar. We drove back
the same way.
A letter is expected to-
morrow

Cloudy, mild. Snow began falling in late P.M. Walking dangerous. Telephone early this A.M. from Joe Sivadales asking that he is sick & his Pa Dine [illegible] in put off.

Busy all morning this A.M. This P.M. walked over to Gray Ma. Did some work for A.S. Reade. Saw the free agent B.&M.R.R. I sent the box of books from Red Shed by Harry A which off and got them into the Cabinet room where I shall go over them with Mr. Day soon. They are mostly Gray Manuals. Every at home. Miss Brown improves but she cannot be as energetic as she has been before.

Rain, snow & clearing during the day. Evening brisk and cold — Roads fierce —

I rode to the Gray Herb. this morning at 10. with my lunch. Spent the day till 5 + P.M. arranging sheets by genera in the Club Herb. for distribution. It is quite a job and I stood at the glass shelves all day.

Leonard Stair [illegible] with me from Fossil Supply + I enjoyed it all but am tired. Sheridan came back with Brown seems to be getting on nicely — She must set up in the future.

Evening at home over the little things always on hand —

Clear, cold. calm.
I have been busy at home all day on my taxes in general. I've got the material about ready for the Federal.
This evening I took George Rose with me to hear Prof. Rittweger at Sanders Theatre on Lear, Sheridan took us both ways. It was a splendid exposition of Shakespeare's using well known material and readapting it without changing essentials.
On my return I stopped at Glover Allen's and sat with him some 3/4 hr. Then went over to Buckingham Hall & the reception by Mr & Mrs. W. H. Dunbar 64 Highland St. at 9.30-12 to meet Mayor Curley & Mrs. Brewster. Big affair. Amts. Jazz Band. Dancing - Buffet. I saw many friends - Home by 11.30.

Clear, cold —
A splendid Cantabon talk with moving pictures by Finley, and music by Ernst at Tremont Temple this Afternoon - I & Lotta Bramhall Parker - The views were marvellous in the extreme —
This P.M. I went up to Mary's. She has sent Grace out and I sat a little while with Geo. He is still down but is better. Hart Merlin Houghton came to-day. Miss Brown improves but she can sit up only 20 min. a day "All will be right with care in time"
Have worked hard on my Federal Tax papers, I have it pretty well in hand. I am alone much of the time

Cloudy snow in Plus
Chilly. Slippery
At home all day
except for an hour
with Mary & Geo[rge]
Geo is better & he has
in the sitting room.
He coughs but not
as much - Mary is very
tired —
I have been busy
writing mama &
reading some about
our Showing interested re
views to Miss Broom
who is confined to her
bed but is slowly
improving - Lita's
everything down — She
got a letter to-day as
Lizzie went to Rochester,
and we three sat
in the Library —
Miss B. sits up now for
20 minutes

Clear cold calm.
This A.M. to Evan Hall's Sage proof to B.L.R. Had phone from Dr. Briggs I immediately hurried in to his office by 11.30. He took out the troublesome tooth. I am relieved. Gums rather ached all day. Home to 1 P.M.
This P.M. Knowlton came and we pegged away on a fresh paper One more like it will get us to the Comparitas. Knowlton went home by 6 P.M.
This evening I took proof to B.L.R. Very pleasant call on him & Mrs. R. His room continues to improve. The nurse evidently doing her good. The heart is quite normal Evening clear & cold.

Clear calm cold
This A.M. I walked
to Harvard Square, de-
posited some money for
Lizzie in the Camb. Sav. Bk.
make a deposit in the
Harv. Trust and went in to
Dr. Briggs. One of the den-
tists there, Oswald T. Barker,
D. M. D., enlarged my plate.
I'll get it in a few days.
I called for a few minutes
on Mrs. Belden at the Library
and then came home 1.30.
This P.M. called on George
and sat an hour. He is
better and up but weak.
Dined with Mr. & Mrs. Borden.
Then Mrs B. & I drove (Sheraton)
down to Sanders Theatre to
heard Prof. Kittredge's last Lecture
Subject "Hamlet" Wonderful
presentation. Drove home
Mrs B. comfortable. It is slow
She is comfortable ——

Cloudy and clear.

I woke up this A.M. after a restless night coughing quite a bit. Miss Boorom had quite a good night. I have spent the day quietly mainly in my study, working on tax papers, reading a little.

Dr. Stapleton called this afternoon. He pronounced Miss Boorom better, and gave me a remedy.

I feel prickly all over and I can't but feel that the rather chilly atmosphere in Sunday Theatre, which necessitated me & many others to keep on their outside coats, is the cause of it. I hope & believe I'll be much better to-morrow. I haven't had a cold in a long time. May it so soon

Rain.

Did not have a good night: Miss Brown helped me to bed. Dr Houghton came in P.M. ordered a nurse. a. Mrs Hubbard came & likes her. Dr H. came again in the evening. I have the "flue." Am watched.

Pkg of plants - came from Mrs Hill of Dallas, Minnesota: Miss B. acknowledges them. Bertha Gerke is ironing and down stairs. Miss B. is cleaning.

Clear, warmer.
Had a better night;
Dr Haughton came
a.m. and p.m.
Says I am getting
on all right.
Miss Tuckett called.
Mrs A. M. Alves
Jones, Parker & Mrs Fairfield
Gave my tickets to Bronson
Parker as Miss B. and
I are both ill.
Miss B's niece "Ada" Mrs Parker
is helping out. All
is running smoothly.
Sorry I have to say
wife (My Club meeting
tonight.) Dudley Chamberlain
Phoned this a.m.

Colder. Cloudy. sleet, & rain
A.M. Sam Johnson came
over & ate supper with us
Mrs Hutchison
and is pleased with
My progress. Mrs L. E.
Mathews. Phoned. Mr
Knowles and Mrs Johnson
Mrs Shoppie called. Mrs
May Lewis in bed with
bad cold. Sam in the
Tomatoes. Ellen Greenough's
engagement.

Ther 18 SUN. FEB. 4, 1923 Wea

Very cold this a.m. Cloudy. No sun visible. Had a better night. so nurse tells me. Dr. H. says I am decidedly on the mend. He called about noon. Have not observed any of my mail [illegible]. Since I spent in bed. This B.S. going to Dr. says.
The day has been a better one all through. George Rose came up and wished to call and see me. Dr allows no one to see me but those who are caring for me.

Mild. cloudy. Sun came out. at noon. much colder.
Left bills last night
Dr Haughton visits
one much better is
not coming tomorrow
Miss Leech has Dr.
Miss Leech not well.
Letter from brother Charlie,
Mrs. Balser. sent it the
Bank for me today.
Sun still feel in
my back. fine deep

cool. very thing covered
with fresh sleet-snow.
Had a fair night=
Feel very weak. have
Wal-soak up Jell: Am
Saving.
Mrs Brown came
also Miss Rogers.
Mrs Ware sent up a dish
of Raspberry Ice. and some
of the little Cakes. They
Lead for the Club last-
night.:.
Prof and Mrs Emerson
sent a beautiful pot-
of tulips for both-Mrs
Brown and me. with
a lovely note.

Cool. Clear. Bright lovely
sunshine. I am
feeling slowly, have
not felt up yet.
Many phone inquiries
Mr. and Mrs. Bosson
sent me a lovely
bunch of daffodils.
Jennie has stayed
down over day.
Miss Brown is poorly
also. Miss Rocke
called. She is still
coughing. Mrs. Parker
is quite poorly. is in
bed. has Dr. B
hope all will be right
in time

Cloudy & cold
Sunshine later.
Had a bully night -
Good Dr. H. called this
morning and says I may
get up safely Sunday for
a short time. ?
Mrs Baker got out -
the Shakespeare notices
after I got it ready for
her. Mrs Sheffield
called & Dec. Miss
B. this afternoon. And
brought her flowers.

Cold. Free from feeling
Clear & evening. beautiful
sunset. Had much better
day. Brother Sampe called
brought some home fruit.
Little Snag is ill and has
Dr. Mrs Potter is
quite unwell. Mr Geo
Rose called to enquire for
both Miss Brown and me.

Cold cloudy. snow.
Raining hands night-
Gaining steadily. Sat-
urd. stay a week today.
Prof. Emerton called
called not- See me
Lind- dal- walk "Miss
Brown" for 1/2 hour.
Mr and Mrs Cornish
called to enquire for
me. Miss Thomas called,
Mr Sprague called on
phone. I hope soon
to do more. Dr called
at- noon. is well pleased
with- my progress.

Glorious morning, cool. Exchange-dinner. "Lincoln's" Birthday. Much sickness around. Miss Beckett and Mrs Beckett are reported better. I still cough. and my nights are not-any too good. coughing much in the early part of the night. 3 letters from Chicago today. Brother Charlie & Ruth-also Dorman. All are well. Mrs. Barnett called this A.M. and brought-lovely flowers, a pot of Begonias to me and Daffy. and Inga sent to "Miss Bunn" the cat-catch "Miss "Bunn" for almost-an hour.

Hanna. Quite a fall of snow. cloudy all day. Snow in the a.m. Annual meeting of the Librarian. Sorry to miss it. Sat up part of a while this p.m. Mrs Bolton sent to the bank and deposited my checks. Am still coughing hard. but am much better.

Many calls on phone. Mr and Mrs Eddy called yesterday. Find Prof. K from Ind had any sickness in the home.

Warm, snow in a. m.
Bright · sunshine in P. m.
Up and most of my clothes
on. Dr Houghton called
this a. m. and discharged
me. Miss Hubbard
my nurse goes tomorrow.
Got many valentines,
Candy. from Ada.
beautiful pot of red
Tulips left at the door
With a valentine. No
idea who left it.
Many calls on the
Phone.

Cold. clear. brilliant
Sunshine. More Vacinia.
Had breakfast in bed.
Then dressed and went
to library and sat in
the Sun with Miss B.
Nurse - Miss Hubbard
left. this afternoon.
"Lita" Miss Brown.
Nurse will care for us
both now.
The Nurse was most -
satisfactory. took good
care of me.

Mr. Reams has had
nothing to do with this
diary since Feb. 1st
Written by me. using
my pencil in the first
Person.

Lita M. Brown.

Clear - cold -

I resume my notes, last on Jan 31 - Since then Miss Storm has written independently but in my name -

I am slowly picking up but I have confined much to bed & rest full much encouraged. I keep quiet in the 2d story, moving a little from my study to the library where Miss Storm is fixed - She has guided all day with slight trips for a few minutes now & then - She must do this a good while yet

Lizzie is feeling poorly & I pray she won't become ill too; Ada Belden is quite settled here & does every thing for us

George called this A.M. for a little while -

I am so anxious to get over my flue & to be about but I can't tell - I must be patient

Clear, cold!!
At home Jeanie
quiet, all day - I am
improving and cough much
less. Last night I slept
well from midnight.
Miss Brown is cheerful &
patient. Strange case.
I have been pretty busy
at my desk today.
F. R. Churchill called on
this Pm. & we had a long
talk - He told me good -
I signed before him my Income
Income Paper and he sent the
it with my check.
Then A. Osborne called &
I had another good talk
Learning all the news.
Both are well & active.
Ara went home for a while
this Pm & Miss Brown & I
had supper in my study -
I hope & pray that
these troubles will end -

Clear, cold, nice day—
Another day at home—
I improve but will take
time. I have been up all
day quiet busy in and way
or another. Mrs. Cornish
has called twice. She sat
with Miss Brown me & ma
time. The second time she
brought some interesting flowers
Mrs Cornish had brought from
church. May Dexter called.
I don't think she ought to be
out. Essie Rose & Dan Johnston
called this P.M. Pleasant
letter from them. I've talked
2 or 3 times on the phone.
Mrs Lane called & in a very
exciting whisper I can't go to.
Miss Brown is cheerful
& quiet. I trust all is going
well with her.
Ora is faithful and a
blessing — May our troubles
cause love very long —

See pp. 9 + 10 - 11 - 12.

Ther / MON. FEB. 19, 1923 Wea

Cloudy, clearing cold.

Bos. Evening Transcript —

Observations at Boston at 8. A. M.

Barometer	30.14 inches
Temperature	7 degrees
Wind	West, 17 miles
Humidity	65 per cent
Sky	Clear
Precipitation previous 24 hours	None
Maximum temperature	16 degrees
Minimum temperature	5 degrees

I am slowly progressing, am in the kitchen quietly doing this & that. I sent Mr. Lane the papers needed from the Shakespeare Club to-morrow. No callers to-day. I wish I could fully awaken. Everything is given up. Still I am gaining and will get out when the weather lets up. Bitter cold —

Miss Broom progresses. I am shocked to see in the evening Trans. the death of Prof. Trowbridge. It must have been sudden.

I am calling the Shakes-
Ther TUES. FEB. 20, 1923 Wea
peare Club this evening.
Sun partially obscured by
dull clouds.

I have not felt as
bright to-day as I hoped.
It will be some time
I fear ere this is gone.

Emile Williams called
this P.M. & we had a very
pleasant chat in my
study - He has regained
much of his old self, but
the dizziness still holds
on somewhat. He moves
about alone though.

I have spent some
time to-day over my
Regis cards. I have a
good many to enter
& it is slow but interesting.

Miss Brown keeps on the
same, and I can't see
the end. She is in bed
most all the time, moving
about at times, a very little
slowly - It seems a long pull

Clear. mild. Sunny.
Dr Houghton called this morning at Miss Brown's, request. He is very pleased. I must still be very quiet and not worry, even in the morning about at home I shall go out on the piazza and read upstairs when the day is warm enough. Miss Brown is getting on steadily—
I have been quiet all day. George called this p.m. & we talked a good deal. I have straightened out my federal tax. I think, except for the Liberty Loan part of it — Mr. Rambofer will help me on that.
Doris sister & little boy called this P.m. Cunningham boy — Mary Dexter called. The Celeb last night was a success — —

Cloudy with sun just breaking through, mild.
Had the sun shone earlier, I should have walked on the piazza for a while —
I have been feeling at home industrious, I think all the time.
I have finished Libbie's Xmas present, "The Minds & Manners of Wild Animals" by Hornaday — a fascinating book throughout —
I have spent some time over my Federal Tax and I have it now about done, except for the Liberty Bond sale by Cambosco. He will tell me just what to do — I have still 3 weeks for it —
Alta stays at her home tonight and her sister Lilla is here to help Miss Brown who seems really to be getting on nicely —

Clear, sunny - cold.
I have felt nicely today.
Worked on my term
papers a good deal.
At 1 P.M. I drove down to
Harv. Trust and sat 3/4 hr.
with Mr. Ramhofer over
my Federal Tax and
got everything straightened
out. Great relief.
Drove back again -.
My paper is now copied
in duplicate, and to-
morrow I shall copy
the one to hand in.
George called this P.M. &
we had a good talk.
Phone calls fr. B. L. Robinson.
R. A. Ware, J. R. Churchill
I did all the Shake-
speare work to-day and
Ada wrote out and printed
the notices for Mar. 6.
We shall read Marlow
after that

Ther SAT. FEB. 24, 1923 Wea

Clear, sun bright, cold

I have had a fine day. Have finished my Federal Tax papers. Have already signed. I have worked on the Local Flora and Tuckerman came out by 2.30 and we got out a paper finishing it. Colour marked!! We feel gratified. Mrs. Sheffield called this morning and it was pleasant to see her.

I feel quite right but am weak and it will take some time to get back to my old self. Mrs Broom improves and that is a great comfort —

Cloudy but clearing in early A.M. day bright and freezing.

I took a walk this A.M. up Brattle St. as far as Lexington Cave. It was great to get out — George, Mary Dexter, Mrs. Rantoul & Robert called today and I saw them all. Geo. Rose called but he did not stop as I had a call. I had long phone talks with Joe Churchill and Mrs. Walters & Mary Deane.

I have read quite a bit in "Beasts, Men & Gods" by F. Ossendowski, a most remarkable book from Peking.

Miss Boorn is improving daily & quite sure must come out all right —

Hazel Brown called today. I haven't seen her for a good while. She is a fine girl —

Cloudy sun soon breaking through at 10 A.M., but clouds again by noon and finally light snow falling.

This A.M. I walked to Harvard Trust and deposited $ 100 saw Mr. Rambofer and verified the contents of my box. All is right.

Got Federal Paper now due and I shall send it with check for probable total soon.

I came home by Huron Ave Car.

I think I am daily improving and I shall be very, very careful in every way.

I want to go to the Harvard Union to-morrow evening very much & take Grace. We shall see. Mrs Brown improves. She is very cautious. Lida great help

Sun relaxed no cold
& mild -
I improve but have no
strength. Spent Mon. & Tues.
at home writing, and
reading Marlowe a copy of
which I got from Harr Crip.
Have read it, Mon. 20 - It
will be hard to cast -
Tues evening I took Geo. in
Sheridan's car to the H. Union
where we heard Geo. L. Mallory
on Climbing Mt Everest. Hall
crowded. Lantern Slides con-
tinually. Mallory & 2 others
got alive to within 1700 ft of
the summit. Height 27,235 ft
Seven with the three at the
highest point were all killed
by a snow avalanche - It was
a thrilling tale. We drove
back with Sheridan --
Miss Brown improves steadily
and does more gradually.
She is very careful indeed.

Light snow during the day. Holding up in evening. At time A.M. & P.M. finished heading out cabbage & cut off balance of cabbage &c. Ground will be rather hard to cart, but 9 pear must be cut & must be done to bring it in the evening.

This evening Sherman & I went to meeting at the Harvard Club to hear Mrs Deming by Rob Jackson. All but Charles Batchelder present. Bright, pleasant time. C.F.B. unwell. Joe Fosdale says his father grows weaker & his mother is not well. It is sad. Miss Boom improves. She moves about in the 2d story & is under her direction & helps a good deal for us in many ways. The household moves smoothly on —

Sunny most all day, melting.
I have felt quite well today. This A.M. I went in by electric to Dr. Briggs + Dr. Bangs and got fixed permanently as I hope. Home again. This P.M. I called on Mary + George and sat quite a while, talking. I am so glad I can begin to renew my various activities, such as work at Gray Hall, attendance at Art Club Shakespeare Club &c, &c.
I am so sorry to learn that Dr. + Mrs Entrekin are both poorly, especially the Dr. I fear very much that A will be hard to recover from his long trouble in

Dr H.W. Shimer Prof Paleontology
Mass. Inst. Tech. spoke on
Ther FRI. MAR. 2, 1923 Wea
Evolution of plants.

Clear melting -
Worked on accounts.
About noon I walked to
Harvard Square. Pleasant.
Brattle St. in a frightful
condition, deep ruts of ice
and water. I cut in one place
Paid bills. Lyrics at Brat.
Chat with friends on the way.
Walked back.
Lay down one hour in PM.
Rest, but no sleep.
Delightful evening.
Went to dinner with
Emile & Thos. Nelbians.
B. F. Robinson & a sister of Thos
past Wheeler, the other.
Very social time
At 7.30 we three drove
in to the Bat. Club
Emile had it been in for
some 9 mos. Welcome.
I saw the remodelled room
for the first time. Lots of
friends. Home again by 11.30.

Clear melting. Roads in terrible condition.

At home all day. Have spent much time over organizing Marlowe for the reading on Mar. 20. I have it ready to cart.

George Rose called this afternoon and we had a good long talk. He is well and takes proper exercise and enjoys his work. He should make a sound man. I read Ivan Johnston at Club last evening. He is very bright & keeps his work. Herald told me that he was working a monograph on the group of Solanaceae with simmered leaves. I have taken over to him my d/s of that group. He finds very valuable material in the set. Dr. Morong gave me much

Sun. cloudy in Pm.
with a little rain.
This Am at home.
This Pm. walked up
to Gracewood Park & call
on Dr. & Mrs. Cornish - Out.
Then I called on Prof.
Marlow and found him in.
I had a very satisfactory
talk with him indeed -
We talked over Marlow, and
I had suggestions in regard
to the play. Marlow was
acted in 1902 by Prof. Baker
and others. Lionel was there
at the house & he made
tea for us - On my way home
I met Charlie Lamb out for
a stroll. We walked to-
gether home -
Evening at home
writing -
On Fri. Evening the 2d.
The Lunar eclipse was in-
visible owing to clouds.

mild, melting.
Ike A.M. to Hart. I sent
signed my Federal Tax papers
and this P.M. Ida took it
to the Collector, Bloy & Brownstone
made out a receipt.
I went in to Dr. Briggs
and had a certain with
him. Home to dinner.
At home this P.M. I
have read Marlowe once
more and am ready to
cast it.
Read a little —
Dr. Hamblin came out
to-day & examined his
Brow. She is getting on
nicely and with con-
tinued care will come
round all right. She
feels much encouraged.
I have Beef at home
this P.M. & evening, reading
& working. I hate to
miss the Com. Club

Cloudy, threatening.
Snow began 4 P.M. & fell
late P.M. & continuing
At home A.M. & P.M.
Worked on Marlowe
much of the time.
Put cards into Paris
albums which are now
handily in the boxes on
shelves between my study
& bedroom.
Cards to the Brothers &
the Shakespeare Club.
Kind reception from all.
Reference was made to
the fact that at the Com
meal meeting on Jan 9.?
had served exactly 40 yrs
for 40 years - General
interest was shown.
The reading was exceptionally good, very bright indeed
play last Act of XII th night;
Mrs. Hans Reed, Palmer, Noyes,
& quite outdid themselves
auto's home -

See page 15

Terrific storm last night and this morning 9 inches of snow with powerful gale - It stopped by noon and this evening is clear and cool.

To-day I have got out the Shakespeare notices for the play of Marlowe - I have been working over it off and on for a week. I think it will be a most interesting reading. Prof Emerton called on me this afternoon and we had a good talk. He is very well and is giving a course of lectures at some place in Boston - Another sister of his wife has died. She was old. Mrs E. has much to attend to —

Clear, mild calm.
Sidewalks clear - Heaps of snow on roadsides.
This morning I walked to Harvard Square on errands - Walked home
This afternoon I wrote and worked some on my Xmas cards - I have a table to distribute and it is my slow work -
Later I called on Lucy and Mary & sat awhile with them -
This evening I called on Mrs Joe Churchill - She and Mary Cushing are going away very soon where it is warmer - Joe is pretty well run down - Voice hoarse - I am glad he is going - Shall hear more - Evening at home

Clear, cold & calm
This morning I went
to the funeral of Mrs. Fol-
som on Garden St., mother
of Mrs. Emebuske. She has
been a paralytic some 7 yrs.
Mr. Peabody officiated and
some 50 were present be-
side the family & relations
whom I did not see -
This afternoon Ceda & I went
in to Keiths to see especially
Enrico Rastelli The wonderful
Juggler. The most marvellous
tossing of balls, balancing items
& pounds & sticks &c &c I
ever conceived of. Also saw
4 performing bears - &c &c
I was quite ready to stay
at home this evening.
I am working now on
Henry Colby's card &
which I have a large no.
put in 1920. They are a
very fine set indeed.

Light snow in Am. & early P.M. - melting as it fell. Evening clear stars bright. Cold. Walking slippery.

Cat 10 A.M. went over to J.R. Churchill's - Staid with the three till 8 P.M. J.R.C. et ux on leave of Tues. Am. for Washington then to Summerfield, S.C. They both need rest. They will go then somewhere perhaps to St. Louis. The Judge is pretty worn out and does need the rest from work.

At Andrews, waiting for a car I met Mrs. Broadfoot on her way to see a relative. Pleasant talk.

All right to-day at home. Mrs Broadus improves, and does a little work daily with Cider.

Clear, sunny mild
melting & slippery
Thru Aus. & took
a walk around Brattle
St. Tavern weather [illegible] &
Highland St. Air
good - Sun melting.
At home rest of day.
Have done a lot of
work on my cards &
putting in the vols.
Henry Hoyt's cards
mainly - a splendid
lot of new ones.
Thru Rev. many callers
George Rose, Fran Houghton
George Deane, Mrs Louise
Painter, May Dexter
Ivy, Boyce - Enjoyed
all - Geo. has invited
me to the Foot Lights
in Brookline for night
Saturday -
Phoned to Joe Churchill
They are off Tues. Mar 6

Light snow chilly
Snow melted as it fell
I have been at home
all day and have put
in most of the time on
my Paris Cards. I have
been working especially
on E. F. Williams' Paris
Gargoyles (53 cards) from
Notre Dame, and on Henry
Clay's Paris cards of
1920. There are a splen-
did lot - some 200 at least -
now in my collection,
and many from splendid
parts of the city.
I am make a valuable
addition.
I find that I am slow
in getting over my
flu. That is. I tire
out much easier, and
I am cautious to stay
out in the cold. I must go
to the Public Library to-

Cloudy, rain, sleet and melting snow - Cool.
This A.M. worked on Rain Cards. Then walked over to Gray Hub. Roads flooded, ruts of running water - Met friends who greeted me cordially. Fernald gave me a long talk on Rain's proof of Thos. Gris Co. Exam. In some respects he is right in his criticism. I returned with B.R.R. this P.M. I took a nap, tired with the trip. Then I worked more on Rain Cards.
J.R.C. & Mrs J.R.C. are now in or near Washington. He will know soon where to go - I am much interested of course. Miss Booth will look after my affairs -

a little light snow on the walks this morning. Day clear and cold

I stay at home till evening. Spending most of the time on Paris and Jerusalem work.

I also dictate over a pclg. of Baroness Lindheimer, Grand N. S., N.H. for Charles Batchelder who is buried this P.M. called for 'em later.

At 6.30 I dine with Emile & Mrs. Williams. Her mother & niece. It was a very lovely time indeed. At about 7.15 Sheridan's car came and Mrs W. Emile & I drove in to the Boston Soc. Nat. Hist. and heard C.E. Akeley on his Exp'n to Central Africa for Gorillas. He had a few v. fine pictures, interesting, but more of a live gorilla. Continuous moving pictures. Much of his talk was irrelevant, and we did not get nearly what we wanted. Out late

Clear sunny mild.
This morning I walked over to the Gray Herb. and showed Fernald some Eryceria & Apocynum in re Rearis Flora Ciss Co. I listed Ned Rands Gray manuals & other books that over to me for the Club by Harry Rand - I shall not keep them at the Club. Walked home - Evening Card -
This P.M. Lewis drove me down to Dr Scotales. He is very poorly as is Mrs. G. Dr G. wants to be a trustee of the Bot. Section of the Museum - !!! I cannot think of it possibly - I must cut up rather than add any duties - I am nearly 75 yrs. old !!
Evening at home on Paris Cards &c. Miss B. improved

Rain, taking off lots of snow & ice. Fields.

At home all day working on Xmas Cards. My hand made greet progress and have left a bunch of cards that I can't locate Some are illustrations of fashions & costumes & will go with the general volume Some I must try to locate I am intensely interested in my collection and it must be quite valuable now - I shall count my cards soon -

I shall write Dr Goode soon and explain to him how absolutely impossible it is for me to undertake any such a proposition as he has suggested to me H.L. H.C.'23

Clear, mild
melting -
The snow has been
rapidly going, but is
still deep & good while
much snow still left -
This Am - I walked to
Cpay Ble - Spent most
of the time correcting
Local Fl. proof that B.L.R.
had - I was glad to get it.
A finishes Scrophulariaceae
Home to dinner -
This Pm - after a rest
I called on the Misses
Kuy & Eliz Newbegin
at their m - Then on
Mrs. Coffran, Mrs Cushing
& Cushing - We had a
very baptist time indeed
as I always have with
them - Home to supper.
Mrs Sheffield this P.M. came
& told us that Clara Howe
died this Pm -

Ther. SUN. MAR. 18, 1923 Wea
Sap Several owl yesterday above an open field with the rain 2° clony
south side of 7 acd Lane - 3.45 Pm
It has been there a few days. x
Clear, mild, snow
ice melting rapidly.
much still left.
In consultation this
morning with Mr. Lamb
I have sent out notices
to members of the Shakes-
peare Club, that the
meeting for June 20 is post-
poned to Apr. 3 at Prof.
Washburn's. Mrs. Folsom
Mrs. Wheeler, Mrs. Marks &
Clara Howe of the Club
have all died lately.
This P.M. I walked down
to Phillips House with
G.H. Browne & heard
Prof. Emerton on "Academic
Life" -
He read from one of his
books. I wanted to hear
him speak. It was very
interesting & well written
x Evening at home. Have
finished putting in Paris Cards

Rain part of day. Fine P.M. evening clear cold, windy 18° F at 11 P.M. biting wind.

At home A.M. & P.M. I have finished my Paris cards and the vols are in the bks. available. That is a good job. I have 625 Seine bridges with some 25 cards of bridges in other parts of Paris. There are 34 bridges over the river. My first Paris card I received from my Dealer from Paris Dec. 27. 1907. Statue of Henry IV on Pont Neuf. That excited me. My collection of Paris Cards number .

This evening 7:30 P.M. went to the Natl Club at C.F.B.: Very interesting Talk on Bird behavior by Prof Wallace Craig, of Orange Mass. Ref. 18 present. Wind & temp. fierce on return. Mercury 18° + 7. I could hardly bear it = took car home.

Clear calm very cold.
12°+ 7 A.m. here
10°+ 6 A.m. "
Bitter cold. Extraordinary—
At home this A.m.
This P.m. Geo. called & we went over to Clara Howe's funeral at the home on Appleton St. House crowded. Flowers of all kinds in superabundance & many species. Mr Crothers conducted the service and a male-singer sang before & after the ministers. Later I called upon Prof & Mrs Catherine Keyes and had a very pleasant talk indeed. Phonograph with discs of bird music by Avis, &.
Evening at home.
Writing, reading, &c.

Clear, very mild ice & snow melting fast. Still it will take some time before the roads are all free.

This A.M. I walked to W.H. and showed Mechanic Fernald my Rubs of Larch Bog, Shelburne last . It is as I suspected, R. frondiserratus, never got before in Shelburne !! I am mightily pleased.

Walked to Haw. Sq. Business at H. Trust; read to Boston Called at F.R.C's office, then Boston & lunched at the Copeland rooms next to Thompson's Spa, Washington St. Then I returned home. Last reports F.R.C. & wife are well, and at Tampa I put his address Equitable Hotel 432 Franklin St., Tampa Fla.

Evening at home.

Cloudy, mild melting.
This morning Carol
I distributed a good number
of sheets through Habirman
Training 7 R.C.'s 1921.
I went in Wed. Briefs
at 2.30 and then to the
Public Library where I
enjoyed the wonderful
exhibit of Postage Stamps
by the Boston Philatelic
Soc. Inc. It was a
very fine exhibition.
I never saw such a
finely arranged group
of stamps from all
over the world and repre-
senting many special
phases of decoration.
I stayed a good while.
Home in late P.M.
Evening at home,
resting & reading.
Mary Dexter, Miss Bennett, Lizzie
Gale sent flowers to-day, Loring Thaxter

Cloudy & raining, warm,
melting fast —
A really warm day.
Much snow & slush & ice
to go — made last year's
snow ice Engine A. 1 trips.
A coating of ice covers part of
Bowdoin St. quite across.
Snow in big piles everywhere.
Walked to Harm. & met Tim
A.M. Then went in to
Boston, met Charlotte Ware
on Park St. and talked.
Then met Lee Sprague at
City Club. We climbed to
Esther & had a long talk.
He was very pleasant.
Then home again.
This evening I drew
the North and worked
with Heatherly distributing
sheets — Seven thus were done.
Frau Johnston was absent.
It was very pleasant. B. L. R.
Rowe back with me. Very mild.

Clear A.M. P.M. evening cloudy, mild
Sun voice finger still
This A.M. to De Bevoise.
Then I went to the Public Library and spent some time in the Stamp Exhibition Collection room. Talked with a number of people and learned quite a bit. Called on Mrs Babcock.
Then home & time
Rested this P.M.
Later I went to the reception given by Miss Dennis Chapman & Miss Hawkins her friend living with her and Mr & Mrs. F.M. Clark new Irvington neighbors. They have bought the Chapman home. Very pleasant time. Talked with Prof. Palache, Miss Cashion, Glover & Mrs. Collen & Mr.

Clear, cool, evening cloudy →

This Am. I went down to Appleton Chapel & heard Rev J. G. Soares, Univ. of Chicago, preach a very fine sermon. Walked back with Prof. Emerton. We met Arthur Nichols at the new land by Bot. Garden & discussed with him the boys there - Then we separated & went home.

This P.M. - Geo called & then George Rose & Wm Johnston. Geo. stayed a while - The boys stayed till supper time. We had a nice long talk, I showed them books, Paris cards &c. We had a long talk.

This evening I have written Eccles &c

Wm Broom improves I feel, steadily -

Clear. cool.
Very busy day.
Mr. Am. worked at
Gray Herb. till 12.45.
Then Farmed. Weatherby
& I lunched at the Colony
Concord Cove.
Then I took the car to
N. Camb. and sat a good
while with Ed and
He was cheerful but I
could not see much
improvement in his
speech though had
a good deal of conver-
sation.
Then Mr. Harry Rand showed
me over his greenhouses.
Geraniums, Tulips getting
ready for exhibit in Boston
Spleno'd plants —
Then went call on the Weathers.
Saw Mr. & Mrs. M.
Then walked home & had
some supper - Local 71. in evng.

Clear cool. Ice thawed slowly & rain.

Francis Swale called on me this A.M. & we talked over Dr. Swale's plan for the Botanical Museum - I am perfectly in harmony with it & hope Dr. Swale will be so too. It is to have Rob Jackson head it & to have me & Mrs - Theis on the Comm - Dr. is very weak now.

Then I went to the meeting of the Rowe Home Trustees - Income & expenses will be equal this next year. Then what? There'll be nothing left.

I lunched with Crockett & Hopkinson Colvin at the City Club - Nice talk.

Then at Mary Ada's. Did some work on June B.L.R. 2 papers on Local Fl. Home with B.L.R.

Evening quietly at home - Tired - Ca Weatherby called and we had a nice talk —

Clear cold, blustering,
Snow flurry in Pkn.
Sale in Late Pkn.
Mercury 21° at 7.45 A.m. 9 A.m was
15° at Gray Herb and this Afternoon
Evening fierce wind. 10°F. at 10.30 P.m
This A.m I walked to Gray
Pke. and finished cards in
the Pke & have Senecio &
Xanthium to Look over -
Walked home with B & R
This P.m worked in Herb
and reader -

This evening I came over
from the Colonial Club
to the W E Dine, given by
Autram Bangs - We were all
three ex-ps Batchelors
Emeritus & Incurable Net Rad.
We had a very pleasant
time and pleasant talk
till 10.15 when we separa-
ted & I came home -
The cold & wind are very
unusual. —

Clear cold, windy
Wonderful weather
At home except
for a trip to Boston
to see Dr. Briggs-
I drove down to
Cambridge and ran into blus-
tering cold
Reading 7° F at 8 A.M.
from my living room
Fannie said it was 5° F
at 7.30 A.M.
The Transcript reports
6 A.M. 4° F.
Blue Hill Observatory
-2° no time given
Westford & Stratford 0° F.
Portland Me -4°
I have written many
letters and I find that
I have not finished
card in my Composition
for Local 41. I have
done many this Fall.
Always something to do!

Cloudy & cool.

This A.M. Lewis called to take me down to see Dr Swale He is very weak. He wants that I shall be Curate of the Bot. Mus. and I can't say a word to him. He has got the money needed. I cannot do it and yet I can't talk with him. I shall tell Mr Swale to-morrow.

I worked on local flora Cards and this P.M. G.H. Kinnaird Esq came and we had a long session in Compositae.

This evening I sent off a few Easter cards and there went some to Mrs Noyes & Penelope to see their views of their tour in England. P's photos were very good indeed and she is thoroughly acquainted with the places & history. It was a treat.

Cold blustering wind.
Snow fell last night.
Clear through the day.
I went in to Dr. Briggs
again this noon - It was
bitter cold & windy in dart-
mouth St. Another visit
on Apr. 3 will I think,
suffice - Thankful -
The rest of the day I
have been at home busy
about the many things
that come along -
Easter is at hand -
Several cards have been
received already - I am
sending very few this year.
I have written a
number of letters to-day.
I had a good talk over
the phone this morning
with Joe Snodale about
his father & mother.
He entirely agrees with
me as to the glass models.

Clear cold calm -
Abt 22° at breakfast
Remarkable weather.
This Am. I went to
the College Chapel and
heard Bishop C L Slattery -
Fine sermon. Crowded
church - People turned away.
Music very fine indeed.
Called on George & Nan
on the way to church.
Walked home with him Geo.
Read and wrote this
P.M. Eng call from Geo.
& call from Nan -
This evening I called on
Mr & Mrs. F. M. Clark, 72
Sparkes St. Very pleasant
time - met 3 friends of
theirs one a brother.
Mr. Clark was a pupil at the
Hop Kinsmin School when I was
there! He remembered me.
Full moon close to Saturn

Clear, cold -
This Aft. I walked to Harv. Trust, made deposit, drew money, went to Bank Office - Walked home -
This Eve. went to Univ. Lecture Hall and heard Prof. Haskins on the "Mediaeval Student" (Ratcliffe Endowment). Some 180 present. Very interesting, but rather [illegible] Subject London Scholars. Shakespeare work, plus meeting tomorrow and an aeroplane this noon passing overhead - Seldom see one. Nutt Club at 80 Sparks St. Very expert present Interesting talk by Elmer Allen on the Orion Storm with illustrations of the Storm of various kinds - Home by 9.30 - Ready for bed -

Warm at last. sunny
& cloudy. rain in evening
Rec'd Ltr. & Rose to
Gray Hubbard Lawton & Bailey. Pleasant call.
Walked home.
Busy over Marlowe.
Mrs Rix went in to
Dr. Briggs. came back
in Cate Rix.
Evening I walked down
to Rep. Wadsworth's for
Shakespeare meeting.
Big meeting. 28 present
The occasion was the
reading of Marlowe
by the Bard. It was a
very successful reading
and all enjoyed it.
A reading ~~that~~ but
without rehearsal is
very easy, but it went
quite smoothly throughout as a rule. Rain in evening
May D. & Rose home

Clear & cloudy very warm — Ice & snow melting fast, but much remain — The heat has been very trying after the cold weather.
At home A.M. & P.M. Worked on Shakespeare records &c &c — Notices already mailed —
Met R.H. Bailey at the Square at 3.45 —
We strolled down to the Harvard Union & tried and had a good long Talk — I.H.B. Shadwell seen the Union — He was much impressed.
We parted late at the Square, he for Boston, I for home.
Rest of evening pretty at home at various occupations — Charlie came to-morrow — Good to see him —

Cloudy, mild. Thunder storm in the evening.
This afternoon I went to the Gray Hare. Saw Bailey & others. Did some work. Home to dinner. At home this P.M. Went to Mary's at 6.30 and dined with Mary George & Charlie who arrived about 1 P.M. I saw him a moment on my return from the Gray Hare. He is quite well now. I hope to see him for a good while. We had a long talk in the evening. Charley was brought the last in California. There is plenty of water. Now he will be busy enough getting everything done on the place. I came home in the rain—

Clear mild calm.
This A.M. I went to Dr. Briggs and I think I shall have relief.
Then I walked up town and visited Dr. Edwards.
Then I returned home.
This P.M. I worked on a plan for showing when and where each of our Rhodora Certificates in the Local Flora was published.
I went to Emile's at 6 P.M. and enjoyed the company & dinner Emile & Mrs. Wm, Rob, Ware & J. Robinson, & self were the party.
We all drove to the Arnold. 28 Newbury St. where we shall probably stay 28 / present, Lecture by Prof. W. H. Hall. Boston Union. on Wild Cherries of Eastern America.
Home by auto: 11, 20 P.M.

Clear & chilly, mild at times warm.

This morning I worked at home. Lola Church & I walked down to the Hart. Union and lunched. We inspected the blocks. Then we went in to Horticultural Hall to the Floral Exhibit. Very fine. Exquisite Rhododendrons in the center of the hall. Home by mid-p.m.

I worked the Local Pl. sheets referred to yesterday and finished to date. Interesting facts for reference.

Evening at home over records, accounts &c. Miss Brown keeps improving. Ada is home now as her boy has measles. Her sister Lilla Brown Gould takes her place here.

Clear warm A.M. -
Windy - Rain in P.M.;
clearing - Wind SW in
evening -

This A.M. I walked down
to Episcopalian Chapel. Every
seat was taken, and
aisles were crowded in
places - The reason was
Rev. Harry E. Fosdick
of New York preached. He
is a marvellous speaker.
It was intense - Walked
home in a fierce wind.

This P.M. at home
Itgo called at Mary's.
Charlie & George were
there - Stay'd on home.
At home to Supper -
In evening Geo. & I went in
to Hort. Hall & the Flood
Exhibit - Stay'd till 9 P.M.
Wonderful display. Kalmia
Latifolia in bloom. Je Je
Home again, wind down -

Ther MON. APRIL 9, 1923 Wea

Clear - mild -
This A.M. I walked to Harv. - Deposit. Bills pd. Then to Dr. Briggs who has I hope fixed me all right. Time will tell in a few days -
Then to A. C. Sprague at his office. We went to Cedar Club and sat a good while at lunch & talked - Then I returned home.
Rest of day at home doing this & that. There is always much to do. T. Holm sent me a package of very nice plants from around Maryland, last Dec. I have written him and shall have them mounted soon -
Evening writing, reading & P.M. -

Clear & cool, evening brilliant, cold. Mercury at 10 P.M. 34°F.

This A.M. walked to Harv. Sq. Errands. Trust Co - met Charlie and George there - Then met Mr. Sheridan in his car with his little boy. He took me to Gray Rd. Saw the force there. Did a little work & walked home -

In P.M. put the Holm's plants, 36 shoots into the moving box. Phone talk with Harold Brown

Went to dinner with Lucy & Mary - Charlie & George there. Pleasant quiet time - Evening brilliant clear cold. And April is one third over - Come, warm weather!

Clear cool.
walked to Harris Trust Co. & c. in A.M.
Called on Charlie in P.M. at Mary's, He was not feeling well & had taken up some engagements. He was out over his trouble but sad and talked some time.
This evening I drove (Sheridan) to the Hadley Reading Club and had a very interesting time at the big Dress Rehearsal.
It was a good play full of song. Not much good looks.
Met a number of the old boys very pleasant indeed. Had talk with Charlie Fiske. Walked home with Mr. Rawlins

Sunny mild-
At home all day
Rather tired and
there seems like a
cold coming - I
hope not
Wood treat -
Long calls from Hal
Kennedy & Charlie.
The Transcript an-
nounces the death
of dear Dr. Woodall
last night. It is very
sad - The poor man
has long been ill
with Diabetis -
I am so sorry for
Mrs. Woodall. How
will she bear it.
It will make a sad
difference in her
life - She has two
good sons to look
after her.
Evening over accts -

Clear, Cloudy, evening raining -

I have a bad cold. Francis Scotale asked me this morning to be one of the pallbearers at his father's funeral to-morrow at 11 A.M. at St John's Church. His mother asked him to ask me - I accepted & I pray my cold will be better to-morrow -

I have been in the house to-day. Charlie goes to-morrow and I haven't been able to get over to see him to-day - This is very unfortunate - I have seen so little of him during his visit here - It cannot be helped - I pity Mrs. Scotale so much but hear she is better. Dr. Scotale will be buried in Saco, the old home-

Clear cold. Below freezing in early A.M.
This P.M. I attended the funeral of my dear friend Dr. S. L. Swindle, as one of the pall-bearers at St. Johns Church. The service by Dean Barbour was inspiring. Church well filled. I thought of dear Mrs. Swindle, sick at home.
I then called at Mary's & said goodbye to Charlie who has already started home. He goes fishing in N. Michigan with a party.
This evening I went in to the Symphony and met A. C. Sprague as usual. Splendid concert.
I drove out in Sheridan's Car. It was a comfort. Home in 20 minutes.
My cold is much better and is, I think, going.

Cloudy chilly day - Sun in the A.M. then cloud. and finally snow & hail - Melting 8.30 P.M. 34°F. Ground white - When will this cease. I have been at home all day - my head cold I must get rid of. I have written a good number of letters.

Dr Snodale was buried at Saco, yesterday P.M. now he is at rest after a beautiful life - I shall miss him very much indeed - I have received my appointment as a Member of the Committee of the Botanical Mus. I told Dr. Snodale I could not think of being Curator of the Museum as he wanted me to do.

Hail is striking the plan as I write 9 P.M.

Clear & cloudy, cool. ground well covered with snow & sleet. Depth of snow 3 in. Strength fell from my knee Top. Nursery near foregoing.

Worked at home in the morning.

In P.M. I called on dear Mrs. Goodale. I sat by her bed for at least 3/4 hr. She is very weak, but improving, and full of courage. She has serious stomach trouble. I had a long talk with Miss Evans, sister to Joe's wife. She looks after Mrs. Goodale and is very capable. Prof. Eliot called & saw Mrs. Goodale while I was there. Then I called on Mrs. Emerson & the Allens. All out —

Knowlton & I worked on Local Flora from 7 to 10.30 P.M. Finished Aster. Encouraging. My cold better —

Clear & cool.
Snow still visible on roofs &c.
This A.M. walked to Harv. Inst. Walked back with Cecil Morgan and Dick Dana —
Home this P.M. Reading &c.
Shakespeare meeting at Mrs. Bassett's very pleasant time. Invited to next, 1/2.
Did some work for C.S. Reed to-day but must go over & over again before will be ready with it. It has been a long but I consider effort I be one Shelburnite —

Clear, mild -

This Aft. I walked over to the Navy Yard and settled a very few problems sent me by Pease. Dr. Robinson was very kind. Fernald has no faith in Rosa Lyscom

The rest of the day has been largely spent over the next Plant meeting of the Shakespeare Assn before summer - Also the proposing of new members.

This Eve. we had a very nice call from Mr. & Mrs. Eddy, Sen. they had telephoned. Mr. Eddy is much better. We had all the news from them. Pease will be grateful when his Flora of Coös Co. N.H. is off the press I shall be glad, too.

Clear. cold.

This A.M. I outed with Mary Sewall & Mary Dexter for part of the morning. The air was clear and fresh and the grass was green in the wet meadows and brooksides. We saw almost no birds.

This P.M. I worked over local flora and prints for Peace in this Coös Co. flora.

Summer must be near at hand now that April rapidly passing. It will come probably with a bump.

To-day is Patriots Day. I am of course much interested, but I shall not venture into any crowd. To-day the crowds & autos are terrible.

clear warm calm
76° F at noon —
At last summer
is here or very close.
The change is great.
This A.M. I walked to
Gr. Hd. and did some
work on Local Flora.
Later I drove to Harv.
Square by 1.30 and
met Geo in the Subway.
We went to Boston
and he did errands
while I got tickets at
Tremont Temple to Snow's
African movie. It was
intensely interesting & I
saw many of the animals
& birds of Africa. Snow is
charged with faking a
good deal. Possible & per-
haps probable. The elephants
tusks displayed indicate at least
6 shot. Did he so that ??
Evening at home, busy —

Clear, hot!! Calm. Evening at 3.30 P.M. from my dining-room window 87°F, from the north window in the back room in #31, stated, 91°.!!

This morning I went in to the Park Theatre and saw Martin Johnson's Wild Animal Show. It was very fine indeed and we went over miles of Africa from Cape Town to miles north of the equator. The moving pictures with telephoto lens produce marvellous scenes. Zebras, Giraffes &c &c at the drinking hole close up and clear as could be.

The afternoon & evening have been spent at home reading magazines, writing &c &c.

The heat has been very great, after the cold-

Very hot A.M. & P.M.
Sunshine —
Cool with rain a P.M.
This A.M. I went down
to Appleton Chapel
and heard Rev. A. Herbert Gray
of Glasgow, Scotland. He
preached a strong sermon.
Walked back with Ruf Enselin
then called at the Goodales
Saw Miss Evans and had
a very good talk with her.
Mrs Goodale can eat very little.
She needs food to pick up.
Went home & joined with
Glover Mrs Allen & Elizabeth.
Very pleasant indeed as
ever. Good long talk.
Mrs. Comish & Miss Hall
came a P.M. and I showed
them my treasures. photos
books. plants. They were much pleased.
This evening Robichaud called
We had a good long talk
over many things —

see page 50

Cool, sun, cloud, rain
hail + sleet; very clear
I am 75 years-
I can't imagine it
I have stood at home
My gifts are recorded on
pages 49 + 50
from Dexter, Thos. Pease,
Joan Johnston, Emily Chapman
It has been very pleas-
ant indeed. At breakfast
flowers were on the
table and all was
bright. I have been
kept very busy and
have written only a
few letters - I have had
been a number of phone
calls.
Nobody believes that
I am so old, but it
is true. I hope that
the coming year will
treat me kindly and
give me more strength

Cold chilly, showery, windy -

This A.M. walked over to Gr. Ma, and with a bit of help, settled some questions Home

This P.M. Miss B & I drove, & had Sandi she a little further & see a niece & child. I found her bright, in a way, and apparently not worrying, but I could make out only a few sentences - I fear she is not going to get far ahead. She is stronger, walking round the square & has opened the door for me. We returned as we went.

This evening I walked to Observatory. I heard Dr. Willem J. Luyten on "The Nearest Stars" Views on the screen. Fine.

This showed us much.

Clear Pelmedy, cool.
Wrote this A.M.
This P.M. I called on
Grace Eliot and had a
very pleasant talk with
her. It is long since I have
seen her. Pres. Eliot
came in and sat with
us for a while and it was
a delightful occasion.
Then I called at Prof. Parker's
and saw the children for
a while. Prof. was out.
They are dear children and
are bright & capable.
At 7 P.M. Mr. & Penelope
Hayes called for me and
we drove to Brookline &
picked up a lady friend
whom we took to Plymouth Theo.
& saw "Take a Brace".
I saw it Graduates night
It was funny one and elicited
great applause. We got home
by 11 P.M. Busy day —

Clear, cool.

This morning I was at home, then at noon I went into town to Burt's on West St. and was fitted to a pair of Grand Snappers, new shoes. My right foot has been troubling me a good deal and I now expect relief.

Then I lunched at Shepard Cafeteria and then surprised myself by going to Keith's alone. I saw some excellent gymnastics and a lot of written matter in between. I am far from interested. Still it was more or less amusing.

This evening I went with George to the rehearsal of the Camb. Dramatics. Play good but cold room.

Sun & light clouds. Cool
Worked at home during
the day. Then went
to Boston and to Pol.
Office & met Mrs Booth.
She had a pleasant talk
for an hour and she
supplemented some
missing points. She had
made a type-written
list of my mtgs for
me - 94 to go on record.
Then we went out to
Martins to lunch on
Brattle St. and had a
good chat and a very
nice lunch. After that
I left her at the Kim-
ball Shop & returned home
Rained —

This evening I worked at
Club House and worked
with Kidder till 10 o'clock
Walked back. Six feet now
there - Ready for bed -

Sea The time 1 hr. ahead
Ther SAT. APRIL 28, 1923 Wea

Cloudy and rain & gale in the evening & through the night.
I start at 9 a.m. & P.m. busy about accts and other things -
I made tables of my notes kept by the Judge's pre=
This evening I went down to the Dramatics with Mary. met Geo. & he & I sat together near the front.
The play, Comus as I am. "A Successful Calamity" was very well done indeed. Afterwards I met & talked with a number of friends - Jakes Cole. Three drove home in a rain-wind. It was a fierce gale for here

Sun. cloud. evening rain. last night The wind blew off a piece of the tin roof over the front door.

I have been at home this A.M. & P.M. till 4 P.M.

Had a talk with Warren Parker, Swiss & mine a wire fence at the back from places. It is a necessity — The shutters must be interviewed and estimates obtained —

Later I called on Theodora Willard out had a very satisfactory call. I also called on Ethel Vaughan who was sitting by the window. She is slowly getting over paralysis. Then I called at the Gonsales. The nurse told me she was slowly improving

Evening at home —

Clear & cloudy cool a few rain drops in P.M. Evening clouds, full moon just above Jupiter and Saturn & Spica a little west —

This A.M. walked down to Harvard Sq., Trust Co &c, walked home by Garden St., met & walked with Prof. Howard —

This P.M. at home busy. Called on Bill & Mollie Davis out, Rufus & Mrs. R. A. Daly, out, Mrs Fernald in with her 3 children. Good time, with them all —

Home again

This Evening called on Mrs Comey in regard to new fence — Miss Grant for her husband, a much wiser. C. A. Weatherby called, and we had a real good talk — Splendid man

Clear calm mild
Thin Hm. I walked
W Howard Sq., Harvard
Court to Washington.
Bought new city tax &
paper for Old Colony Trust
in re full names and
addresses of those in this
will. They want this
for Harvard —
This morning I saw
a Cantata Nichols when
we had our last Shakes-
peare spring meeting —
Last list of Brook Club.
Bright time. 16 present.
Too few wrote on a
new member —
½ hr. of character after
the reading. Words

Drove home with Mrs
Ware. I shall be
glad of the rest till
the fall. November 5 —

Clear cool
At home A.M. & P.M.
working over my papers
of various kinds!
Called up J. R. Churchill
who arrived home yes-
terday & had a chat.
He is all right. Mary Cath-
cart has a bad cold.
Worked on some questions
from Old Colony trust
re names & addresses
in Margie's will. It has to
do with Probate.
This evening I went in
with Geo to the Park Theatre
and saw "The Affairs of
Lady Hamilton." She is
an historical character
in the time of Nelson.
It is a quite remarkable
performance, movie of
course.
On return the rising moon in
broken clouds was beautiful.

Miss Hubbard, my nurse of last — I also called this morning. Pleasant talk
Ther THURS. MAY 3, 1923 Wea
9 showed her my herb.

Clear, cool, calm.

At home this A.M. At noon walked over to Asb. Nichols for Sh. Record Book & then to Gr. Hb where I staid a while. Walked back to dinner —

Later Miss Brown & I walked down to the river. It was the 2nd walk from the house for a long time. We sat by the river and saw the many boats. Harvard crews, single sculls, canoes passing by. The scene is always a very pretty one —

Walked home to tea.

Populus nigra L., var. italica Du Roi Lombardy Poplar. Single tree 20 or more ft. tall river bank, Chas. River near N. end —

Ther FRI. MAY 4, 1923 Wea

Clear & cloudy, cool.
I went to Brooklyn this
A.M. I got rubbers at
Loeser's on Fulton St. and
called at Woolsey's for my
letters and then went to
7 Wellington's where I
found him - I welcome - we
lunched at the Hamilton 5/34
and had a good talk.
He had fresh Jamaica to show.
Then home for the plan-
[illegible] with E. F. W., Magnet
Wheeler, B. & R.
Drove to Club, Newbury St.
Great surprise - Rob Ware
read a paper announcing in
truly affectionate language
a conspiracy in the Club
the forming of the "Walter Deane
Fund" to library purposes. The
Club knew all about it. I
was quite broken up and made
a poor reply I fear. They have
some $1000 - Interest to be used!!

[illegible]

Celina, in Early P.M. Cloudy - Tired this A.M. from insufficient sleep. Stay home till mid P.M. when I called for Mr. Sheridan and he took us for an hour over the Belmont & Waverley country. Nature is very beautiful now the grass is green, trees in flower, dahlias out and all nature smiling - We stood out fine -,

I find by phoning Mrs. Batchelder that Charlie is in bed. He went in Club last evening on my acct. He was the originator of the whole thing - I must see him to-morrow if possible It was a splendid act.

Evening not at home - Called on Mary & Grace -

Sunny mild calm.
a perfect day.

This Am. I went to Appleton Chapel and had a splendid sermon by Rev. Henry H. Tweedy, Prof. Practical Theology, Yale Univ.

Then I called on Charlie Batchelder and sat an hour with him. He was at the bottom of the whole thing of Friday evening last. Long talk over it. Walked home.

This P.M. Geo & I walked up to the Filtering Plant at Fresh Pond. It is a big affair and will be opened to the public in June. We went over the Groves & had a fine bird's eye view of the Pond, with masses of forsythia in yellow glory in the foreground and the hills beyond. Home via Brattle St.

This evening I made a delightful call on the Conways. Saw many photos of their Chicoutimi home. I enjoyed it much

Clear, mild, calm.

This A.M. I visited Hammond Sq. and then went in to Boston and left Rhoda for the Club at Holzers. Then home. This P.M. Brown went to Hamm. Sq. by the election !!! She is really picking up.

This P.M. saw Laurence Curtis & wife on the fence. Read, rested, &c.

This evening after a brief call on Lucy I went with Sarah to the Nat. Club. There was an auction of papers accumulated during the year. Rather amusing. Etc. &c. good work. The Club realized over $20. Some 24 members present. Sarah & I walked home. Star clear, air crisp. Castor & Pollux bright.

Clear, calm mild.
This Am I walked to Hartley, drew money, &c and got a box of stamped envelopes for next year's Shakespeare Club.
P.M. Some Rhetorical talking at rather early I rested and spent some time on a very interesting detective story "The Shot on the Glass" by Charles J. Dutton. It is very good, well told and the interest is kept-ened to the end. It is a long time since I have indulged in a novel of this kind at home use.
Emily Ball died Sat Am. She was a sweet girl. Funeral this Am. at Bryn Mawr. Then Sophy & Dolly take her to Canandaigua N.Y. where she is buried.

Cloudy. Light rain. warm
At times. Am. Pla.
I have felt tired
to-day. I did some work
in my herbarium, distrib-
uting plants. Also a bit of
local flora work.
I received a package of
some 15 sheets of violets
from Susan Sheppard from
Sky Land, N.C. with a
very interesting letter. I
shall send the violets
to Dr. Brainerd for verifi-
cation. I have written
him.
Evening about home.
Sky dear. I read most in-
teresting letters from Dick Faber
and Miss Kay A Palan. The
latter sent 3 bridge cards,
and discussed my puzzling
cards I sent back when.
It is very pleasant this work.
Wrote a long letter to Miss Sheppard

Clear & cloudy cold
30° Max. 43° min. Mean 36°.

This A.M. I walked over to the Emerg Hosp and gave Dr. Robinson a Local Th. paper, our first one in Composition.

I have been at home the rest of the A.M. & Sun-
day morning, with Mary & George I went in to The Boston Art Museum to hear the Glee Clubs. It is a wonderful occasion. There were 4100 present in every available space where the music could be heard. The singers were in the rotunda, under the central dome, at the head of the broad staircase. Mixed programme of serious & bright music. The singing was very fine. The Clubs stand at the top. We walked around for some time

Spring. I saw Tantaquidgeon Indians there.

Letter fr. Mrs. Little Cello of the death of her mother Mrs Schofield May 10.

-P.M.31-

Clear, cloudy cool.

I have a cold that is uncomfortable but it hasn't kept me in.

This A.M. I walked to the Hall and worked a while. Then I walked down town. Trust and signed & sent off my City Tax paper which is due on May 15th.

On the way to Hall Sq. I saw high in air, a aeroplane writing an advertisement of cigarettes by emitting steam through the exhaust. A broad white line followed the plane and remained some time against the clear blue sky. LUCI. I saw the C make & the beginning of K. Then the plane left. They had done it before completely.

Then at home Geo. Rose called & drove me in to Club Meeting. I presided. J.R.C. Joint Song.

Cloudy, rainy, cool.
A day at home.
A cold seems to have
developed and I am
pretty miserable just now.
I have felt it in a
slight degree for the
last 2 or 3 days but to-day
it has really come.
I have kept pretty
quiet, spending some
time in the herb, work-
ing on my lists for finding
readily a genus in our
Local Flora, which is not
not always easy. The artic-
cles are scattered through
15 vols. and not in the be-
ginning in strict sequence.
I have handed to B. L. R.
a paper on Compositae &
Cistus. The genera here in
alphabetical order. We shall
finish by the end of the week
& that will be a golden day.

Cloudy A.M. fair P.M.

I have had some temperatures and have been in bed all day - I coughed quite a bit at intervals and felt pretty weary.

Dr Hayhurst came out to see me and prescribed - I haven't seen him since his return from Europe - He was much impressed by the devastation in the war areas and the deceit of Germany.

Ivan Johnston & family & Rose called this P.M.

I have passed the time in reading Adèle Long Legs. It is good. I coughed considerably and was awake a good deal last night -

Two tins of John Players and two of my own all up!

Bright sun, air bracing & mild.
Still all day in bed. Slept pretty well last night - Had coffee for breakfast to-day
Dr. Hopkins called again This morn - He finds me much better - It is lonesome and no fun I have read a good deal in the magazines & papers - Turned in 8 minutes good morning. I am terribly disappointed in grandma not coming - It is only me & you, and the days are so very, very awful long -
I wish I were only shoveling and could give up these colds & - They are trying

Sunny A.M., rain in the P.M. Air mail.

I got up this morning and have kept up all day. I am not over tired for much and yet I have done a good deal going over the plants for Mrs. Blaschka's reading and writing. I have ready for more plates. Blaschka can work so, or with 5 or 7 leaves of plants. So I have no worry and that is my chief care as a member of the Committee. I haven't heard from Mrs. Blaschka now for a long time.

I missed the trip with Bangs & Henshaw to the Thayers today. So sorry. Bangs reports a very nice time. The rain kept them in some

met Mollie Wyman by the Lower this P.M. and had a chat and walked down Ther WED. MAY 16, 1923 Wea
Riddell Cut, with her.

Cloudy, oppressive, muggy wind, a little rain, a very little sun.

I am, too slowly for me, getting over this cold. I cough at night & intervals —

This A.M. I went down & sat quite a while with Mrs. Sinclair. Enoch Rankin met me on the way, and took me in her car. I walked back. Mrs. Sinclair is in bed and feeble. I hope & pray she will get over this.

This P.M. I walked over and called on Mrs. Williams. Emile is in bed with some kind of cold, that threatened more. He is much better. Pleasant talk with Mrs. W.

At home this evening. Talk over phone with J.R.C. also with Mrs. Parker in re wire fence. The plan is developing —

Clear, mild, calm.
A perfect day —
This A.M. I drove to Hanover
Trust with silver trunk. Cashed
check. Then to Boston to Old
Colony Trust where I went over
Tax papers sent me with Ins.
Secty. of the Trust Dept.
Called on Julius Wakefield.
Then to 50 Congress St. Room 940
and saw L.S. Fletcher, White
& Floyd re reports to banding per-
mits for young Nesmith, Noyes &
Parker. While they are too young
They may get them —
Then lunched with J.R. Churchill
very pleasant talk —
Called on Mr. Blaney of the
Conveyance Title Ins Co., then home
Rest & talked with the 3 boys
about bird-banding. Showed Howard
Turner & daughter some of my bird
pictures. —
Grace Williams called this
late P.M. !! She & Nellie are in

Oclear calm warm and slightly cool. Fine day.

This A.M. we drove to Harv. Sq., & then went to Boston where various articles were purchased and lunch was had at Shepp[ard] Cafeteria - At the Harv. Coop - I got a suit started and I bought a rain coat. Then home. Home rest of P.M. & evening I rested and did a lot of planning. The wire fence is progressing. The man will be out in a day or so to investigate. I've talked with Stanley Parker - I learn that Charlie Batchelder is quite poorly - Bronchitis. He has some bad troubles

To-morrow I go to Concord to Mr. Fletcher's with a big lot in a special car!!!

On my return learned that Mollie Wyman had a stroke last night.

Ther. SAT. MAY 19, 1923 Wea.

— See pages 38 & 39 at end —

Cloudy, gradually clearer, warm and mild. Perfect day —

Took the 9.10 A.M. (Daylight saving) car to S. Sta. for Cohasset. Mrs. Floyd met me at the Sta. and has been so kind all day — Car filled with Brookline Bird Club, 38 & 7 F. joined at L. by Mrs. Fletcher, host. Parties formed and sent here & there. A few of us including Mrs. F. & I drove to Mr. F.'s country home. Old house, lawn sloped to Lily Pond, as beautiful a view as could be — Bird traps here & there. Some chippies trapped. Banded before. We walked along pond shore. Birds here & there. Gradually the parties all assembled. Lunch on the lawn.

Later all started off in groups. A few of us walked down the road a mile or so to Mr. & Mrs. Whittle's. Charming spot. Old house close to thickets, bird traps everywhere. Saw Purple finch caught & banded. Went over the house. Then drove, while most walked to the Sta. Train for Boston. Mrs. Churchill who invited me came later. Home by 8 P.M. All were so kind —

Sand 15 c. Grapes 5 c. Cookies. Pumpkin pie 10 c. Milk 8 c.

Sunny, [illegible] clouding, rain
[illegible] cool -

This day I went to
[illegible] and spent the day.
All were at home - We had
a little [illegible], chatting &
talking over various points -
The interesting feature was
when Mr. Johnston, M.P.P. is [illegible]
& Co-operative Trade Association
came in his big car and took us
all four over to this home in
Milton where we went over and
inspected this new home. He was
his own architect and he laid
out his own ground in a lovely
spot with good roads and woods
all around - Every possible modern
convenience is there, for Heating
even Lamp & Gas Fixtures through the right
heating water in a minute & no
end of other things - We came
back at supper.

I left by 9 o'clock after a pleasant
day -

Chilly, rainy -
This A.M., 9.10, Lewis called for me. I stopped at Bill Davis' and saw him for a moment. Nellie still has unconscious - is very very ill -
Then we drove to the Mus. Lewis took me over all the rooms of the Bot. section, and told me what the needs were, and how now he was hampered, there being no director over him. I take notes to explain, to the Comm later. Then I drove home
This P.M. I wrote travels.
This evening I took George with me (Sheridan's auto) to Chandler Batchelder's to the Bird Club. Some 20 present. Mr. Pearl gave us a talk of 1 3/4 hrs. with good slides on Paramaribo, Dutch Guiana. Remarkably good. He had history, birds, vegetation, natives, etc. Wonderfully informed man. Some time

Ther TUES. MAY 22, 1923 Wea

Cloudy A.M. threatening rain.
Gradually turning to sunshine.

This A.M. I went by train to Fall River and drove up to the home of Miss Alice B. Cook. She lives on the hill in a very attractive place. I met there her father, mother & aunt. Cordial reception. Mr. Cook is 73 yrs old. We conversed, went over the house and then went by electrics to Owen Durfee's. He has a very attractive place. met first Mrs Durfee, then went up stairs and we had a cordial greeting. Durfee is very well and reforms. He moved about in a chair that he managed himself and as we talked together, I could not realize that he had such a terrible affliction, losing both legs between knee & hip.
I gave him my Hummingbird photo. He was much pleased. I am so glad I called.

Then we drove around to see the views and I took the late P.M. train home. Called on E.F.W. & found him better. This trip was very satisfactory.

× He got them from a garden in Wheaton

Ther WED. MAY 23, 1923 Wea

He will put out the crop in

Sunny cool.

This A.M. at home

To Boston at 12 M.

Called at Burt's and changed my rubbers.

Then to Union Club on Park to a meeting of the Comm of the Botanical Museum.

Pres. Dr. Homer Gage, Chairman.

Edwin S. Webster -

Joe L Goodale.

Rob T. Jackson.

W. Sedgwick

Miss Susan Minns.

Over a good lunch we discussed affairs. Joe told of his father's wishes, and the position of Lewis much discussed. He needs some money to go on.

Rob & I came out together.

John Comstock has sent this evng from Allston, fresh plants collected today from his garden, of Viola Priceana ✓ ×

was on my feet for 3
hours. Sorting —
Cat 8 P.M. Day-light saving
time. The sun a big red
ball was setting! —

Sat May 26.

11 Ther Fri May 25, 1923 Wea

Clear, warm - 90°F
At home this P.M.
rather tired -
wrote &c.
This P.M.: Miss Brown
& I drove with Sheridan's
car for an hour -
We went to Waverley
& beyond -
Nature is beautiful.
Much Geranium in
flower by the road.
Some Aquilegia
I am getting pretty
tired made easily
now-a-days, can't
can't do what I used
to. Still I am grate-
ful that I am able
to do a great deal
I think that the Flu
or Shingles have left
their mark - I hope
This Summer will
do much -

Clear calm warm
very pleasant day.
This A.M. I took over
to the Gray Herb. some
viola Priceana from
Sec. John Thurber. Dr.
Robinson was much in-
terested in it and kept
the plants for the Herb.
Then I gave me Local 71.
Prof. I then took the car
to Park St. and met Ch. Co.
Sprague at the City Club.
We lunched together and
he told me about his near
trip to Banf & the west
coast & round by the Cañon
home. Some 3 mos. trip.
He talked also of future plans.
Then home where I co-
rected a lot of the galley
which goes to Compositae.
R.B. & Charlotte came this eve'g
and we had a long talk over Shel-
burne. V. V. They'll go. Good.

Clear calm. balmy.
This A.M. I went down to Appleton Chapel and heard Rev. Karel H. Roessingh. Prof. of the Philosophy of Religion in the University of Leyden, Holland. He preached a very interesting sermon on the union of all Christian people.
Then I called on Will Davis and sat 15 min. with him. Mollie lies unconscious. I pity poor Will, waiting, waiting.
This P.M. I called on Emily Chapman (out). Mrs. Eyes (out). Geo Channing (chat with him Mrs. C. was resting), Mrs. Goodale (I saw Joe's sister-in-law. She said Mrs. G. was improving, but had a poor day). Mary & Geo. (both in). Walked a little with Geo. Rice.
At home this evening writing letters &c. I am reading through the letters we exchanged. We have had a fine re-

Clear, clearing - cool
This A.M. I went over
to the Gray Herb. & found
Miss Linder in the Viola
Preserve & mounting
I read a letter from
a New York botanist, friend
of Mackenzie & his reply
in regard to their finding
the Gaspé trip - The combi-
nation would certainly not
be practical -
At home this P.M. I felt
very tired for some reason.
This evening I have
written a long letter
to Miss Sheppard in re
her Violets returned to
me fr. E. Brainerd - He
is very enthusiastic over
her plants & the fragrant
violets about them - Cer-
tainly gratifying up to Miss
Sheppard - She sends a new
hybrid

Clear. cool -

This A.M. Louis Brown & I went in to Boston. I got an asparagus fork for Andrew McMillan & wife. We lunched at L. D. Cook's and then went to Sells-Floto Circus and saw a very excellent show. The Kangaroos were fine - two of them had young in their pouches & they left - putting their heads down and taking the young who would stick their heads out. The elephants were many of all sizes. We fed them with peanuts. The gymnastics were wonderful. The trapeze work supreme. We staid to the Wild West show & saw high jumping and fine lasso work. Home by 6 P.M.

Evening at home writing resting, talking over the phone with George Rose. &c &c.

Clear mild glorious day
Memorial Day —

This A.M. I walked with
Mrs. Noyes to Appleton Chapel
and attended the services
which were impressive.
Pres. Bliss Perry delivered the
oration. It was very fine,
paying tribute to those who fell
in all the righteous wars we
have been engaged in. I
was much impressed —
Good congregation.
At home this P.M.
This evening I called on
Mary and sat with her
some time. Mary Dexter
called too. George has
gone down to Chatham
on the Cape with Dr Swan
for a week or ten days
Dr. S. has a cottage on a
point and they will camp
there and have a good time.

Clear very cool.
- Wore overcoat -
This A.M. went to Harv. Trust, Harv. Coop. &
Then to Boston, Old Colony Trust Co. & Talked with Mr Scott on matters in re his will. Then to Y.R.C.'s. We lunched together Then I went to Old South Bldg & got information about Grand Trunk times Then home -
Busy over accounts &c
We rather expect to get off to Shelburne on June 9, but it may be a bit later -
Many reports that Eggie got safely to Chatham with Dr. Swan, a ride of 50 m. They will stay some week or so

Clear warm, evening cool -
This Afn. I went to Gr. Hbr. The Willoughby Plantago not in bloom - It is P. Cuneeolata var sphaerostachya -
Walked to Harv. Sq. & home -
P.M. at home -
Left 7.15 I took Boh. R.R. to 7. & the Bot. Club in Sheridan auto - took the car and from Johnston home at 11 P.M.
The meeting on Newbury St was very pleasant. Good Exhibition of Specimens - I took in my Viola Pedicuna and a few other things -
John Lunt took care of the Eyes the evening - I invited him. He gave me the V. Pedicuna - Took home a Polyg. & plants to Pot for myself.

Yellow morning, The
sun either behind a
shining white cloud light
through smoke clouds,
Gradually cleared -
At home Am & most of
P.M. busy as usual.
At 3:30 I called on Miss
Williams and sat an
while with him - He is
still under the weather,
though he moves about -
There is some trouble in
his chest or throat.
Mrs. Williams came in
as I left - She had been
to Concord - Her father
is not up to the mark -
Evening at home -
Yesterday Am, as I crossed the
Common, I saw a long line of
tanks, with boys in uniform on
board, filing up Mass. Ave. The
line stretched for each way.
Strange noise as they moved in

Sunny with light smoky cloud. Warm.
At home till mid-Pm., working towards going to Shelburne.
This Pm. I made a long call on Mary and then walked over to see Mrs. Goodale. She is improving very much, but was rather tired and I did not see her but had a long talk with Jos. Goodale's sister in-law Miss Evans who is with Mrs. Goodale now.
The Laburnum vulgare in Mrs Hanham's garden on Craigie St. is now in its glory. I never saw it more beautiful. The graceful yellow racemes cover it almost the branches almost touch the ground. Evening at home

Smoky & sunny in AM
Cloudy in PM and very
sultry.

Wm. Abe walked to & from
Hall - 5½ m. in 2 hrs.
Warm.

This PM. I went over to
Ward Rands' and sat with
him for an hour. He is
physically pretty well and
was glad to see me, but
his speech is very hard to
make out. I occasionally
hear a short sentence
but says he does understand
very much now. He is sur-
rounded by good books.
Home by 6.30 PM -
Rain drops in the PM.
Drove to Charles Batchelder's
this evening. Nat. Club Exec.
meeting - 13 present - No
paper - Interesting bird
notes - Elmer Allen rode
back with me ——

– See pp – 34 & 35 –

Ther TUES. JUNE 5, 1923 Wea

89° in my study at 9 P.M.!!

Terrible heat. Max. 95°
No such temperature
all last year.

This A.M. to Mary's, then
to Gray Herb. (good bye), then
to Boston. Got mileage book
tickets, Franklin St. for next
Sat. June 9 for Shelburne.
Then to P.R.C. We lunched
together at the Cafeteria
where we usually go. Good.
Then to Old Colony Trust.
Gave Mr Scott the last information in re Mrs Will.
Also inquired about my mass.
Gas Club not rec'd June 1.
Another will come in 2 or 3 days.
Then to Dr. Haughton's. Met
Miss Brown there. The Dr. finds
her in good shape, heart full!!
This is fine indeed. He gave
me some tablets for my hand.
Then to E.W. Burt & Co., got two
white shoes. Then home –
Evening at home. Hot, hot!!!

page 35

Hot. A.M. & P.M.
Sudden change in evening
to east wind & cloudy.
This AM walked to
Harv. Sq. Then round &
called in Geo. Rice & Mrs
Goodale. Saw both. Mrs. G.
is improving steadily now.
Call this P.M. from Mrs.
Greggs. (Channing). She is
much better & it was very
nice to see her. She told
us much Channing news.
On the way back from Mrs. Good-
ale's I met Alice Channing & her
daughter Alice. I hadn't seen
the latter for a long time.
This evening Robbins called
& we discussed Shelburne. Vs
I talked over the phone
this evening with George,
who has just returned fr.
Chatham.
Much to do yet before
going to Shelburne. Saturday.

Cloudy cool. rain in P.M. Evening great change —

This morning I went up to 80 Franklin St. & had a long talk with Ingalls just returned from Chattanooga with Dr. Swan —

Since then I have been at home. The work of getting ready to go is flowing merrily on. We are off on Saturday night. It takes time to get the many details settled and the many little things together that you must take with you. Miss Brown with her usual efficiency has got the house into shape and the 2 trunks are almost ready to go. To-morrow — & then the rain is coming down —

Cloudy & clear Cold,
At home part of day
Went to Boston & called
at Old Colony Trust &
F.R.C's. The C.T. will send
the club a Hawn Trust Co.
Saw Mrs Booth & Bailey
Home again. Called
grocery & Mary to wait for
me -
Rain Stops P.M., me.
Got Day Lewis
Rain call from Winthrop
Scudder -
This is my last entry
till September. It seems
long ahead but the days
will slip by quickly.
Mrs Child returns in
early September and I
shall pay off my
last installment on my
mortgage & my home.
It will be a comfort
to be free from debt -

DR. MILLSPAUGH, BOTANIST, DIES

X Sept. 17/923.

Field Museum Curator for Twenty Years.

Dr. Charles Frederick Millspaugh, curator of the department of botany at the Field museum since 1893, died in the Presbyterian hospital late Saturday night, following several weeks' illness of pneumonia. Dr. Millspaugh, who was 69 years old, was one of the country's foremost authorities on botany.

The son of John Hill Millspaugh, famous etcher, and nephew of Ezra Cornell, founder of Cornell university, Dr. Millspaugh was born in Ithaca, N. Y. He was educated at Cornell and the New York Homeopathic college, obtaining an M. D. degree from the latter in 1881.

His Scientific Field Wide.

Dr. Millspaugh was a practicing physician in New York state until 1891, when he went to the University of West Virginia to complete a two years' course in botany. Then he came to Chicago.

Development of the Field museum department of botany as the greatest exposition of economic botany has been credited chiefly to the personal effort of the curator, who labored for nearly thirty years to achieve what will now stand as a monument to his knowledge and enterprise.

But Dr. Millspaugh's standing did not rest solely upon his work here. He had done extensive exploration work and was a lecturer who was much sought.

Experienced As Explorer.

Dr. Millspaugh explored in Mexico as early as 1887 and as late as 1900, four times in all; the West Indies, Brazil, and a number of uninhabited Bahaman islets, in 1904.

The Field museum curator of botany had been a professor of medical botany at the Chicago Homeopathic college since 1897 and a lecturer at the University of Chicago since 1895. He was a fellow of the American Academy of Arts and Sciences, of the Explorers' club, and various other scientific organizations. He was the author of several authoritative books on botany.

A widow, Mrs. Clara Mitchell Millspaugh, and two children survive. The family home is in South Chicago. Funeral arrangements had not been made last night.

States to Get Pieces of Washington Elm

Boston Herald. Oct. 19, 1923.

Historic Washington Elm is to be cut down and a piece of it sent to every state in the Union, the District of Columbia and Alaska. This was decided upon last evening at a meeting of the Cambridge park commissioners with Mayor Edward W. Quinn. One side of each piece of wood sent out will bear the seal of the city of Cambridge and the other side an appropriate inscription. The tree, officially pronounced dead by a tree scientist, is now said to be a menace.

FOSSIL PLANT FOUND

Boston Transcript Nov. 10/23

May Have Been the Prehistoric Ancestor of the Maize

[Selby Maxwell in Chicago Tribune]

The science of botany may be revolutionized by the discovery of the stem of a plant no larger than the base of a corn stalk. The new growth lived on the earth in the age of coal, and its remains were found embedded in a lump of Illinois limestone by Professor A. C. Noe of the University of Chicago.

The remarkable thing about the stem, and the fact that has made botanists all over the world regard it with wonder, is that it bore flowers. Flowers in coal beds have hitherto been unknown, and scientists have believed they were not evolved until long after the age of coal was over. The surprise that this new plant has created among botanists is no greater than would be the amazement of historians to discover that there was field artillery in the army of Alexander the Great, or printing presses in the time of King Tut-Ankh-Amen.

Related to Corn

The plant was a sort of giant grass, related to corn and rushes. Breeders of grasses have long realized how hard it is to make these plants alter their forms. Of the great group of grasses only oats, wheat, rye, corn, sugar cane, timothy and a few others have been tamed by man. Compare this with even a single harddwood pare this with even a single hardwood family, the roses, which yields apples, peaches, pears, plums, apricots, strawberries, raspberries, blackberries, quinces, hawthorns, cherries and a host of flowering forms. The rose family is a comparatively recent evolution, and its characters are still plastic. But the grasses are now proved to be as old and hidebound as ferns, and require much work to break down their set habits of growth and make them be something besides weeds.

Hardiness Now Explained

The reason for the hardiness of grass is now clear for the first time. It can choke out most other plants, not because of its superior plant design as has been hitherto supposed, but because it has developed unusual toughness and fighting ability in the millions of years of start it has had over our other common plants.

New Snowless Record Set as Winter Starts

Bost. Herald. Dec. 22/23.

For the first time in 50 years at least the winter season will officially start at 3:54 o'clock this afternoon without there having been a fall of snow enough to be measured. This, of course, is with the provision that no snow falls before that hour this afternoon.

Another weather mark was broken yesterday, when the experts at the bureau here announced it was the warmest Dec. 21 on record. The previous high reading for this date was 58 degrees in 1918. At 1 o'clock yesterday afternoon, the temperature reached 60 degrees. The minimum for the day was 46.

The bureau predicts rain today and tomorrow, with little change in temperature, with moderate to fresh northeast and east winds, probably shifting to west Sunday.

BALMY WEATHER SENDS MERCURY TO 61 IN N. Y.

NEW YORK, Dec. 21—With Winter officially due tomorrow, New York today experienced balmy summer weather, the thermometer touching 61 at 1 o'clock, and breaking all previous records. The weather bureau reported that the previous warm record for December was 56 in 1895.

The temperatures hovered above the 50s all day, starting off at 52 at 7 A. M.

GREENFIELD HAS TEMPERATURE OF 54

GREENFIELD, Dec. 21—The last day of autumn found a temperature of 54 degrees prevailing at 1 P. M. Angle worms were observed crawling on the sidewalks today. One year ago the temperature was 12 degrees below zero and there was a heavy blanket of snow on the ground.

1 MINUTE TO ANSWER THIS

If it be true that winners can only gain as much as the losers lose, then how do you explain the following truthful rhyme?

Four jolly men sat down to play,
And played all night till break of day;
They played for gold and not for fun,
With separate scores for every one;
Yet, when they came to square accounts,
They all had made quite fair amounts!
Can you the paradox explain?
If no one lost, how could all gain.

ANSWER TO YESTERDAY'S

It was the jazz band in action.

Returned
to Cambridge

Ther WED. SEPT. 5, 1923 Wea

Clear and Cloudy

I have been busy. This A.M. I went to Harvard Sq. & visited the Trust Co. Much work going on. Then to Scott's & waited for Ruth & Martha who came from Scarborough Beach. We lunched at the Sta. up stairs — very pleasant talk. Chicago people well known to Ruth — Then I walked up to Kimball Bldg and saw R. Chamberlain at his office - Just back fr. trip. Then home by car. Jo & Hope called this evening — very few at home yet — I am glad to be here —

Clear, mild —

A busy day. This morning I walked to Harv. Square and went to bank (Cambr. Savings) Trust Co. &c. Then to Boston to Suffolk Bank where I met Mr. Coppolonis & put off my mortgage !! He has been to Shelburne & Dunvegan P. well —
Then I called on Julius Wakefield. He thinks he's a little better. Then to Rob Ware. He showed me the packing room. We lunched together at Filenes Redpond lunch & talk. Walked with Rob. then to New Eng. T. & T. Saw and to Carl Siebert for my policies, he explained my phone trouble — Remedy soon. Home called on Mary — Geo comes this evening —
We work this evening on Bird Banding notes —

Ther FRI. SEPT. 7, 1923 Wea

Clear mild

This Afn. I went to Boston - Internal Rev. Office in Little Boy - Old Corner Book Store Mr. Whittier's Office Compton St. Where I gave him my Shelburne records and had a long talk and heard his tales of collecting records of hunting, methods etc etc The work of such men is enormous & productive - Lunch alone at Chamberlains. Home Called on Evans this Afn He owns one of Hawley He called this P.M. We talked over A.O.U. I am very tired

Cloudy turning to sunshine. warm.

This A.M. I went up to Legaye's & unwound the house-lifts to see the air-planes. See a few. I saw one Squadron, four in a row, six in formation - that was all I could count. Effect brilliant. Cables as I did last week.

Next the fete day at home. Getting dusk & lights, waiting for the fireworks. Very pleasant. Cliff with George.

I went to bed as my friends left. Heard the fireworks in the distance.

The partial eclipse is near at hand on Sept 10. Tides, neap

Cloud & Sun. cool

I went over to Dr. Charles this A.M. and stayed with J.R.C. till 5:30 P.M. helping him with his duplicates. We had a pleasant time. We, Mary Cushing & I.

I got home at 6,30. This evening I did a little work in the library when I had a call from Mr. Kinnicutt. We sat in the reception room and had a long talk. His family are well. Robert soon enters his last year in the High School. Then Harvard Robert will go probably to the Russell Sturgis Eclipse tomorrow P.M. !!!

Clear sky with heavy clouds.
Partial Solar Eclipse beginning 4.44 P.M.
Day-light saving time.

To Hawley on errands this A.M. Let Lena rest for my busy. In P.M. we all sat out on the grass back of the house with smoked glasses & camera to see the eclipse, some 44 percts. Sky clear as crystal, slowly drifting clouds heavy - The very beginning and were almost not. But the rest was wonderfully shown. The sight was very impressive -  - two hours - Wonderful results are expected from the work -

Many things interrupt the doings at home & must finish up - Plants bloom and arrange for the

See p. 42

Ther TUES. SEPT. 11, 1923 Wea

Clear - cool -

This morning I took over to W. Hb. a few plants for verification. Found Miss Day & Vincent there and Weatherby. He helped me through finely with some plants.

Home to dinner -

This afternoon I have been working in herb & at task coming - a lot of things that I am to get done before friends arrive. I have written Phoebe Stone & answered her questions. She is very appreciative. I collected Eupatorium urticaefolium in Sparks St. this morn-

See p. 42 for details.

Emily Chapman called this P.M. She is very well -

Sorry the eclipse in the west was a failure

Cloudy & clear, cool.

This morning I walked to Harv Sq. & did a no. of things. Work at the Harvard Trust is under way, much apparent confusion. My 3d instalment Personal Club is all right I sent it before I got the bill Then I went to the Registry of Deeds, East Cambr. and left the Discharge from Mtg. at Suffolk Bank - Then home.

This P.M. evening at home. Call from Mrs. Noon (Jenny Cotherstone) of my High School days, 1862-1866. She was in my class & lives on Cliff Island Bay!! Reminiscences. Has the other boy Robert called Robert goes to Harv. in one year!

Splendid Letter fr. Mr. Ritchie to-day on the Some Eye Tramps. At Mrs. Emerton's request I have written a Letter to Clara & sent some of my photos.

Clear warm -
This A.M. I went to
Roy Little + Weatherby
went over under our
some plants and we
finished them up nicely.
This is a relief -
This afternoon I slept
at home -
This evening Mrs Brown
+ I went in to Boston
to tea and went to the
famous Covered Wagon
at the Majestic Theatre.
It is certainly a very
wonderful show and it
gives a fine idea of
the days of 1848 when
crossing the plains of
Indians + Buffaloes
was undertaken by the
adventurers from the
East. The accident
home was quite late.
about 11 P.M.

Clear, cool, bracing.
I worked this morning over my Shelburne plants and a part of the Phl.
Then I walked over to see Ned Rand by Upland Road. He was very glad to see me. and I had a good talk talking and hearing him. He is in some ways clearer than before, and I understand more, but still there was so much that I could not understand. Physically he seems a bit more vigorous. I fear he has been pretty lonely most all summer. He made two visits, one to Dublin as before, and one to Mrs. Goddard's, on the Shore

Clear with some cloud.
very cool.

This Aft. I walked to & from Harvard Square. At the Harv. Trust Co. I got my mtg. papers & my license to look over. and I arranged to have the silver transfer came up. 91 cumulative

This Eve. I was busy on my plants. Sort, arrangers, Weatherby & wife came to tea. We had a real good time. Miss B. played for Mrs W. who is very fond of music. W & I did some botany in the Herbarium & down stairs. We had a good talk. I am getting through with the Cattle I got this Summer, but even that requires careful verification.

Evening clear & cold.

Clear, cool.

Summer is passing. The days are cooler and the nights are quite cool.

I have been at home all day working this A.M. & P.M. on my summer's collection and now everything is in the mounting box and that is only about half full. I have a few nice plants. Campanula punctata Siberia & Japan is a remarkable plant to appear under cultivation by Mr. Morris cottage, Melbourne.

I have a few plants to take over to the Gr. Hs to-morrow.

This evening I have been talking over the plants with F.R.C. who is deep in his work over his summer collections. He still collects occasionally, anywhere he goes

Clear, mild -
Wonderful day -
Have been very busy.
This morning I went over with Gray Hale and had good talk from Heatherly and a good talk too - We lunched together at Harvard Square. Then back to Hall At 2 P.M. I went over to see Mrs. Swasey - She is nicely now but a long talk over a report written for the Overseers of Harv. by Dr. Homer Gage, Chairman of the Comm on Dist. Dpt. He sent it to me for criticism. I have just written him a long letter - The question of the support of the Dist. Museums is a very serious one - Dr. Swasey always could raise funds needed, but he is no longer here - Time will show.

clear mild.
Wonderful weather.
I went in to Boston this noon and called at J.R. Churchill's and we lunched together, and had a good talk.
Then we parted and I unexpectedly ran across Mr. Sprague on School St. my first sight of him since he went West. He had much to say.
Then I went down Franklin St. to the R.R. Office to find about trains for Groton. Then home.
The morning I spent writing to and from home.
The rest of the day slipped away at home.
I sent a letter with two verses to A.S. Pease on his birthday (Sept. 22), and 3 photos (self & Hummingbird)

Some rain before 8 A.M.
Rest of day clear & cool.
Pretty warm —

This A.M. I walked to the Square and did various things. Then I went in to Estabrook & Co. and arranged to have my insurance paid by Mrs. Gallaupe just as it was done by Mr. Darling. Then I went to Conveyancers Title & had a good talk with Mr. Blaney — Then to City Club and lunched with Mr. Sprague who talked long & vigorously over his trip. It was a marvellous journey and Sprague is strong & vigorous — from there we went to Park St where I returned home.

To-morrow I shall take my box of plants to Miss Emerson's Monument. Sandwich, and glad I am that there isn't a lot —

Clear & cloudy, mild -
This Afn. I walked over to the Sr H.S. and gave Miss Anderson a box of plants. Had a talk with Miss Day & Mrs. Mrs. Weatherby - Walked home.
Rested some later went in to Dr. Briggs and had the satisfaction of having him extract a tooth from my lower jaw!! No pain in the operation but soon after there is a dull pain from a couple of hours, as the flesh resumes life. It is a wonderful thing! Glad to get home again and lie down a bit - My mouth is very uncomfortable and I only hope it will settle down to normancy (sic) in time.
Geo. called this evening and we talked much over A.O.U.W.

Foggy last a little
sprinkling at times —

This A.M. walked out
from Hawes Inn — It was
uncomfortably warm.
Went to Colinton with Edna
Thomson.

Got home rest of day.
Had a piece of cold pie
for tea & [illegible]
with Charles for July &
Aug. June. I balanced
accts in Chilburn and all
is right but I should have
lost — Have sent bulgs.
Have seen nobody at
the house to-day. A few
have returned, Marcaus
Parkes, Meadills. Soon
everything will be alive.
College opens on Monday.
Lectures will be going
on very soon now —
Ἔστω δ' ὧν μηδὲν ἀπαίσχυντον

Death of W. G. Harding. See p. 45
Ther SAT. SEPT. 22, 1923 Wea

Cloudy, muggy.
At home this morning.
This afternoon Miss Brown & I went in to Fremont Temple to see Victor Hugo's "The Hunchback of Notre Dame". Scene Medieval Paris Time Reign of Louis XI., A.D. 1482. Lon Chaney, prominent screen actor was Jasimoto, the Hunchback. It was a thrilling performance from start to finish, and lots more to be significant. I shall now read the story afresh.
On our return we left the car at Lowell St. and went over to Chas. River Lowlands where we collected a large bunch of Aster novae-angliae from roadsides, and a few Lythrum. Returned home
Evening at home, engaged until various hours Tuesday. Pretty tired —

Cloudy, rain in P.M..

I have staid at home today and busied myself with various matters. Having lost a bottle lately, 3 days ago I am quite uncomfortable. Spent some time over the papers - & Emmets article today Sunday is very entertaining I always read them. Fergie called this P.M. and showed me some papers in re A.C.L. and told me how far he had gone in the work - I think I trust will be a good success. Some $650 must be raised by the Meth. Ep. Church. I think it is quite a job for the Church to finance

Clear mild

At home this A.M.
This P.M. I called on
Mrs. Sinclair and arranged
about my going to Boston
on Saturday to the
marriage of Robert Mrs
Sinclair's oldest son.
On the way back I
met Fernald but we had
a short chat on his
Gaspé trip. The latter
part of it was stopped
by continuous cold &
wind & storms —
Eve. called Mrs Phi &
we arranged about the
menu card that F.S.
Mathews is going to draw
for us. Written Mathews &
shall now mail it.
I am reading V Hugo's
"The Hunchback of
Notre Dame" —

Sun & cloud Cool.
At noon a little warm

This Am. I walked to Harvard Sq. and did some business. met & walked back with George.

At home this P.M. till 5 P.M.; went up to call Mary - She could not see me. Spent a ½ hr. with George in the barn

Then called on Dr. & Mrs. Robinson who have just returned from Jaffrey - Very pleasant talk.

At home this evening engaged as usual in writing, reading the paper and a book.

Engagements are coming in - Council meet of the E.B.C. Meeting Sat. Nat Club Mon.

Cloudy & clear. mild

This morning I went over to Essex House. Saw the force there. Wm Johnston was as bright as ever -
Fernald told me quite a little about his trip, and I saw a good number of his plants - His stories are numberless -
At home this P.M. busied with a great deal -
Went to the Union Club & Park St. Station as guest of Ridder to a Council meeting of the N.E.B.Co. Eight others present. Ridder, Dodge, Ware, Fernald, Collins, Hammond, Eaton, Deane. Splendid dinner but my dentist troubles cut out much. We accomplished a good deal. Got home by 10.30 -
Dentist to-morrow. I doubt if he can set me right -

Clear with some cloud mild. glorious day.

This morning I was at Dr. Briggs at 9.30. Dr. Banks took care of me - Oh, my! Where in the world? Home before 12 M -

This afternoon I rested in bed -

At about 4 P.M. Mrs Boom & I strolled over my Class. River marsh - It was really beautiful. We wandered over my old area & I took a number of plants which I shall compare with my list. We met Ruffin Bliss Perry there. Also Pres Lowell.

Evening at home as usual Long talk with J.R.C. over the phone

Sun + clouds, mild—
Rain set in about 4.30 P.M.
I have not felt up to the mark to-day for some reason and have been quiet at home working on the marsh plants of yesterday and reading Victor Hugo's "Notre Dame"
This afternoon I had a lovely call from Alice Netherlee. She is a very sweet girl and is so good about calling on me. I knew her as a little girl and now she is in society in Boston. We had a long talk.
To-morrow is the wedding of Rob Sprague in Stoneham I am invited to go & I want I shall—but must not. I certainly would feel like it.
Am so glad it rained this evening

Clear as crystal, mild. a very perfect, wonderful day. I was in. at home, working. At 1·10 m. Sheridan took me to Rollins Sta., then I went by train to Cuyer, thence by auto to Gordon by 2.00. The guardian of the School took me over the entire place. The chapel is a gem. The broad campus is surrounded by the school buildings which I inspected. The English bell-ringers played in the chapel. Gradually the guests arrived at the chapel. The Gordales were all present. I was taken to a front seat. The ceremony was impressive. Mr Gordale took his daughter up the aisle. The bridesmaids in pretty orange-colored dresses. The reception at the home was fine, the bride, too. Then Hal & Frances Kennedy took me home. We stopped at Concord & called on Mildred, & had tea at the Colonial Inn. Reached home by 9. Saw many friends at Groton. ~

Clear, cool, bracing.
Last night on going to bed, I turned back the time — one hour !!

This morning I walked over to Appleton Chapel for 10.30 service. Singing very fine. Sermon by Rev. H. E. B. Speight minister of Ruie's Chapel. Good — Met Prof. Ford after service. Short talk — Walked with Prof. Emerton to Arsenal Sq. — Then home.

Sverge called after dinner. Talked some time.

Later I called on Mrs. Goodale. She is a wonder. She went through yesterday a long day. Drive to Mt. Auburn, and all the time there. She was well & full of the occasion —

Evening at home, mainly reading the terrible tale of Victor Hugo's Notre Dame.

Clear calm, mild.
This A.M. I walked to Harv. Trust, and then into the car to Dr. Burbs'. Dr. Burbs wanted me in for an hour. Where's the time? Then I came back home. Dinner.
Then read. Then walked into to Emerson Hall and at 4 P.M. heard Prof. Albert Feuillerat of Exchange Prof. fr. France on Shakespeare's England (a little hard to catch all the words. Interesting.
Then walked home.
This evening called on Prof. & Mrs. Bliss Perry and gave them my Salthaven paper. Shat. Coll. Then to 80 Sparks St. Nat. Club. Good meeting. Some 24 present, I think. I told my story of haunting. Humming birds. The

We never had finer
weather.

This morning I walked
from Harvard Square
to Mrs. Rowe's, and talked
to Mrs. Rowe, Locke, Mrs.
Maria Robinson, J. D. Brannan
on the way —

This afternoon I worked
on accts. and finished
Victor Hugo's "The Hunchback
of Notre Dame". The wonderful
picture show of this old Parisian
capital is so utterly wrong
in the characters that it is a
wicked shame to allow it —
Later I called on Mrs.
Mrs. Moses White. He is
working for Abbott. This evening
I got mail, some notices,
for him in re the election.
I fear Abbott can't get it.

Balanced my accts this
P.M. in quick time!

Clear, cool perfect.
This morning I went up to see Scope & give a little help on the program Meeting Prof. A.O.U. Then we drove W. Hart, Esq. I went to Boston W. Holzer's with Some Condor, Came from from & But-fore.
Then I went over to see J. R. Churchill and we Lunched together on Cafeteria on Scollay Sq. We had a good talk. From there I came home.
This P.M. Miss Coolidge Cox called and I had long talk with her. I have'nt seen her for some time. I walked with her to the Nelsons where she spends the night.
Miss Brown went to Cambridge this P.M. —

Clear mild. Perfect
This A.M. I walked
W Harvard Court, then
called on Mrs. Farnald
and gave her a gift
for the husband to-mor-
row A.M. He will be
50 yrs. old to-morrow. He
will get my gift at break-
fast.

In early P.M. Geo. & Mary
called and Geo. gave me
83 dinner cards & went out.
Mathews drew the card
on Cook. Then I drove
with Dean for some 3/4 hr
in the section between Belmont
& Camb. where hundreds of
homes have been built.

In late P.M. & eve., Mrs
B. & I cut out all the cards,
it was a job. They look very
well. The menu is drawn
as a card lying on the heart
of the Cook, O. U. dinner-

2 hrs in the chair
at Dr. Briggs'. Dr Banks
worked on me. That
ate up the morning.
Mrs Sheffield called at
dinner time re her
Christmas seeing my
Stebbins Lycoperdons
next Monday.
This evening with
B. L. R. I went in to
the first fall meeting
of the N. E. F. C. at the
Head rooms, Newbury St.
Pleasant meeting.
30 present –
Reminiscences. I had
at me the spiders nests
& Witch hazel specimens. Mr.
T. Emerton supplemented
with remarks. I called up to
mind T. on his birthday

clear as crystal, cool, bracing; sunset glorious 11.24 Am. Camb. Train to Concord. Blanch Wms. met me & we drove to their home to meet Emile. The old chapel & moved Baldwin home. All lovely. Spent 4 hrs., dinner & talk. Broad view over field & woodland. It was a very fascinating time. Blanch drove me to the sta. for the 3.25 train. We passed the spot where the Baldwin Home is [illegible].

Reaching Cambridge I called up Lord & Taylor & had an interview with him. He was brighter & clearer a little than before. I made out more of his work.

From there I walked home briskly. Enjoyed it. Fine sunset on the way.

Called this evening on Lucy, Kay & Ruthven just arrived from Poland Springs & Chicago.

Sunny cool fine day. Wonderful weather.

At home this Aft. writing & resting from yesterday's exertions. This Eve. I make a short call on Mr. H. Arnold. He has a fine wood wagon & his house in order. He informs that the surface of Typha angustifolia (flat) was covered with fine hair-like projections, while T. latifolia has a ripple appearance under the glass.

Ruthven & Geo. came in supper & spent the evening. Pleasant evening & talk. 2 more days to go for Geo to put up for C.C.C. guidance.

- See p. 47 -

Ther MON. OCT. 8, 1923 Wea

Clear calm cool -
This Afn. I went in with
funeral of Mrs. M. C. Turnerike
Newbury St. very very sad - I
saw & spoke to Dr. Turnerike.
Saw Rob. Ware there —
We walked back into town.
I went to see Miss Booth
about my mtg. accts -
Then home & Rest —
After lunch Mrs. Sheffield
came in with Lucy. Christensen
who want the Shelburne
Eyeopeners in my bed.
— Then I lay down a while
This evening I drove
Fran to the Rockwells
Club & the meeting of
the Ladies of Unitarian
of the A.U.A. Rather
good time - I met lots
of friends and had a good
time. Long meeting -
Back by 9 came home to
letters by electric -

Clear calm, cool
This A.M. I drove to
the Lewis Comp. Lord
and helped in packing
dishes for the lunch &
the Ref. dinner. I met
a most charming lady
who interesting me
much at the Carnival
Club. God.
P.M. had some good
talks with many.
Had landing card on the
Apple Observation by F.F.
Herrick. Cleveland, O.
Thanks. Okays my grant
& I went to Harris, Lewis
& last dinner. Very good
We rested some time in
the lounge & then came
home. Mr. O. will be
with us most of the week.
Good time over my Paris cards.
Okays gave me many cards in 1920

Clear, cool.
This A.M. the Boys & I drove to Harv. Sq. Harv. Union & Mass. Coop Book. We each bought both session and attended the Lunch. I was very busy selling tickets. My record is nearly $500.00 !!
The Luncheon tables discussions were as a rule very instructive & interesting.
The Dinner was this evening. It was a big affair. The room was quite filled at the Colonial Club. I sat with friends about me & had a fine entertainment. Charles Townsend gave a very interesting exhibition of photos on the screen of prominent members, with their heads on comical bodies in comical situations. It was very well done & must have taken much care. Home late.

Ther THURS. OCT. 11, 1923 Wea

Clear, calm, cool.

This A.M. Miss Bowne, Mr. Oltys & I drove (Sheridan) down to the Mus. Comp. Zool. last day. The papers were on a rule very interesting; lunch was good, the moving picture performance in the P.M. was in the Pierce Hall. The pictures were very fine - Kirtland's Warbler in its Summer Home, The Death Hen & Life of Common Birds, & The Birds of Laysan were the subjects. They were remarkable. The last was marvellous. The actions of the birds of the Laysan Albatross were marvellous & worth the whole session to see. We walked home. Miss B. attended evening — We walked home.

This evening I squared up my money acct for Europe. It includes 2 lunches (Tues. & Wed.) & the dinner today ——

Parker's talk this evening

This cloud, soon through the day.

Mr. Colby left me yesterday afternoon [illegible] Black and Red [illegible] This P.M. I start at home from the excursions - Too much worked on a package of plants for Blanche & talked over the phone with Louis.

P.M. I called on Blanche & Emile this P.M. They have returned. Emile is getting on but he must be quiet.

Then I went up and called on Ruthven at Mary's. Good long talk. Geo went to Colorado but returned before I left.

Evening at home with Colbys. Talkin over things in the head some papers of interest - Big meeting over!

Cloudy A.M. clearing
Sunshine rest of day
Air dimmed by smoke from
fires. Crescent moon like
gold in the western sky.

This A.M. windy Clouds till
11 A.M. when he left for
home after what he called
a very nice visit. Geo.
called to get my account
of the lunches for Tues. &
Wed. & dinner for Wednesday
I gave him $484.06
Tues. lunch 122 tickets 91.50
Wed. " 134 " 100.50
" dinner 146 " 292.00
$484.06
Lunch tickets 75¢. Dinn. $2.00

Mop this P.M. very tired.
Called on Ruth et als.
Evening at home.
Strenuous week. Last meeting
here Nov. 12-15, 1917.

Temp. 81° Today !!

Ther SUN. OCT. 14, 1923 Wea

Sunny but more or less smoke in the air - No sign of rain, which is so much needed. Fire is creeping under the soil in the woods in several places and doing much damage

Except for a call on Lucy this P.M. I have been at home working mainly on the Charles River marsh plants collected since my paper in 1915. I have been down occasionally and found some new plants - I may be able to make a note on the subject later.

Lucy seems quite well. Mary is in Dublin - Ruth is still here but he goes very soon -

Spent the evening with Mary, Ruthven & Grace. Had had a bright pleasant time

Light rain in A.M., sun bright in P.M.

At home this A.M. busy as usual. I wrote Mr. Blaschka in re sending him a pckg. of grasses. I am told this pckg. will be opened on reaching Germany. This may injure specimens.

Worked on recent Chas. R. marsh plants. I have some additions.

To the dentist - Dr. Banks This P.M.

This evening Bird Club at 80 Sparks St. Dr. Alex. Wetmore, Biol. Survey, Wash. gave us an interesting talk of his trip to a lone isl. in the Pacific. He gave all the nat. hist. in a very interesting way. Some 20 were present. Eider ducks seen at Plum Isl. Oct. 12.

Sunday A.M. clearing, cool
Still no rain.

Miss B. & I went down to the Chas. R. Walk this A.M. and worked on the W. side getting several plants.

Then I came home & went up to 80 Sparks St. & took Ruth & Geo. to Boston to the Cafeteria in Adams House. Very pleasant time. Fremont Temple where I met Libbie to Hunch-Back of Notre Dame - her 2d visit. very fine & interested to the story -

Then home.

Evening at home going over my plants, studying them & guessing a number. I got several to-day new to my list.

Ruth goes home to-morrow. Rain is very necessarily wanted. The long drought is disastrous

Clear, bright & sunshine
Cooler, cool —

This a.m. worked on my plants and took a trip for I am feeling pretty tired.

This afternoon I walked over the Emerson Hall and heard Prof. Trueblood on "Shakspeare's Youth". Room full. Most interesting. Then I went to Whitney's store and selected a couple of wooden boxes to send Blaschka some grasses. They must go very safely and they will be opened.

Evening at home resting reading the papers &c. I find it tires me more than it used to. So to a certain amount of work of course it should

Rain This A.M. " not as hard as it should be Cloudy P.M. Rain in eve'g.

This A.M. I went in to Dr. Banks and the result I think very doubtful. Still Time will tell I walked to Hanv. Sq.

This P.M. I had a call from W.W. Eggleston who last summer wrote me He wanted to see me & my Mom's Classbooks - He is collecting all the editions & forms. He will probably give his large collection Mom's Tufts & Dartmouth Mom's College -

Mary Dexter called This P.M. & told of her summer and her doings here.

Evening quiet at home filing bills & letters.

They accumulate!

Rain more or less during the day. Not a heavy rain as it should succeed

This Afm. I walked over to the Gr Herb and met the botanists, & this day. I haven't seen them for some time. I came later with B. L. R.

This P.M. J. R. Churchill came over and we had a good talk before supper.

After this we drove to the Gr. Hb. picking up B. L. R. on the way.

We had an evening there. over Colo plants. Profs. Fernald, Dodge, Hunnewell, Robinson, Churchill, Jarrett, Deane Mildred back with B. L. R.

Light rain was falling.

Left train, Lou, Lob
Effort is to remain good.

This A.M. & P.M. I have been busy at home, on Shakespeare work. At Home Exit 1st half of Henry V. In Nov. 6 I called with Mr Faire & Co.

This evening I went in to Symphony Hall, and met Co, C. Sprague, and we enjoyed mightily the Concert. It was especially fine. The pieces were superior in rendering even to last year in the estimation of Sprague. The singer Elisabeth Rethberg received very hearty applause.
From the hall home just 3/4 to

A.M. pleasant, some rain in P.M. evening a little rain -

This A.M. 9 went & received to Pt. Churchill and start to dinner and supper - We spent the time going over the Pictures from Tampa, Fla. last summer. It was an enjoyable time. Pt. Churchill came in before dinner & time in the P.M. The pictures were very interesting. Joe had named most of them provisionally - I returned at 9.15 P.M. reaching home by 10 P.M.

Miss Brown had been engaging the day with her relatives who live in their car wherever she went -

Cloudy & sunny. cool.
At home this A.M. worked on the 1st Shakespeare lecture and printed them —
This P.M. I took a box of pressed grapes to Hans. Sy P.O. by carriage & sent it by registered mail to Mrs. Blackstock. I hope & pray they will arrive safely.
Then I walked over to Emerson Hall & heard Prof Guillaud on "Shakespeare in London". I found it very interesting. After the lecture Prof Emerton & I walked over to a Cafeteria & the Squire had a long talk. He told me much about Clara. Her case has much encouragement, with much doubt. She inquires about dear Mr. Deane. So sweet of her. Miss Blackford has fallen & broken a bone. Sad — Evening At home

Very heavy rain during the day; at times the wind & rain made walking hard —

At home this A.M. Went in to Dr. Banks at 1.30 — He worked over me and I only pray something is coming out of it. It is almost doubtful.

At home rest of P.M. & evening. This dentist work is very uncomfortable and it is wearing on me.

I hear Walter & Anna Frey are coming on to Berlin in a few days !!! I haven't seen Anna for near 50 years !! She is the oldest of the children. Four are living —

Heavy clouds - rain at intervals through the day.

This A.M. I walked to the Trust Co., and then on to Gray Herb. where I got my Shakespeare cuttings, ~~but~~ this Cundason had ~~d~~ weeded. Then I walked home & rested.

This P.M. I was busy at home in one way or another -

This evening I drove to S.H. Brown's and sat in Council with Brown, Lane & Josephine Bumstead. We talked over policy & for some time. I drove home, taking Josephine Bumstead to her home.

The rain was driving before a wind - much has fallen lately - Shakespeare notices ready.

Sunny & chilly, cool.

Very tired this morning - At home after rising late. I did a little writing & reading.

This afternoon I went over and sat some time with Emile Williams. Blanche was there. It was very pleasant. I took over Vol. 1 of my Paris Bridges. Emile was much interested for he knows many of them from personal experience. I returned home to supper.

This evening I have been busy as usual. Brampton Barker came over to get some leaves named. Then we had the pianola in while he was much interested —

- Glorious moon —

Ther FRI. OCT. 26, 1923 Wea

Clear, calm, cool -

Busy morning today getting ready to hear Talk before Brit. Clubs on Nov. 2. Read a portion of "Memoir of Jane Austen" in the library. Lunch - interesting - Mrs. Kozmetsky called this A.M. & gave Mrs. Foster & me a bunch of fragile berries. Glad to see her again. Mrs. Rhu. Mrs. B. & I went & called on Dr. Thorndike & children - We saw all but Sarah. Mrs. Thorndike's sister was there also her niece - We had a very satisfactory talk - We missed dear Mrs. Thorndike -

Then we lunched in Boylston St. & went to Barbour's lecture at Huntington Hall on "Simple Habits of Some Reptiles & Amphibians." Very interesting - Evening was then Got home at 10 P.M.

Clear, calm, cool -

This morning Mr. Noyes called for me at 11.30 & we walked down to Mather St. and witnessed the presentation of a Tablet to Roosevelt, given to the town by the Women in whose behalf Address by C.S. Washburn fine. The Tablet was unveiled -

Then lunch at the Spee on Holyoke St. College Society selected with Noyes, Hamlin & Merriman -

Then to the Stadium. 5-3000 people saw the Dartmouth boys kick our boys 16 to 0. Tough luck but our boys weren't in it.

Then we walked home It has been a great day for me - I enjoyed it all immensely and Mr Noyes was very kind indeed - I never saw such a crowd at a game. Autos !!!

Bright & sunny A.M. cool
& windy later.

This Aft. walked to Colpleton Chapel with Mary Dexter. Saw the fallen Washington Elm. Sad sight.
Splendid sermon by Rev. Prof. Willard L. Sperry Dean of the Harv. Theol. School. Walked home.

This Eve. we had a good call from Mr. & Mrs. Goodwin, Barbara & Betty, Winchendon. It was good to see them. They stayed some time, and were much interested in the many things I have about. I did not take them into the Lucharenia, but I took down a half dozen interesting sheets & discussed on them.
At home this evening writing & reading
Mind flies —

Clear with some cloud cool.

This A.M. at home writing & reading &

This P.M. I walked down to the French Lectures in Emerson Hall. Feuillerat on Shakespeare's Last Years. - Most interesting - Saw in the Library wonderful caricatures of Roosevelt. Walked home -

This evening went to Council Meeting of the N.O.B.C. - Fletcher Read proposition by Stedman Buttrick of Concord to give the Club a large tract of Wolf Brewster's Concord land as a reserve - Question of endowment to be found out. Cetera Quaeres -

Walked home with Flora Allen

Clear & cloudy. Rain in the evening —

This A.M. I walked to the Hall. Trust & did some business Then took the car to Sparks St & called on Mary who is 79 yrs To-day. I gave her a pot of Cyclamen & Miss Brown who called gave her some candy.

This P.M. finished Memoir of Jane Austen by J E Austen-Leigh 1870. One of Lucia Roberts books. I shall read her works.

Rested some time

This evening Miss Brown & I went to the Colonial Theatre and saw Warfield in Merchant of Venice. It was a splendid piece of work, well done. Warfield is certainly a powerful actor. We sat with J. R. & Mrs. Churchill & Cecil. Very pleasant. Home very late, after 11.30 — Busy day for me —

Sun & cloud warm & cool —

This P.M. I walked over to Gray Herb. with some plants for Miss Anderson. I staid a while and looked over some things in the Library Club case. This day helped me.

Walked back with Dr. Robinson.

At home this P.M. working on mounted specimens that I got from Miss Anderson.

This evening I went up to 508 Hawks St. and saw Emma & Walter, this evening I had not seen Emma for a long, long time. We had a very pleasant time reminiscing over old days. They will come here soon —

Clear cool

Home this A.M. and evening.

This P.M. George called and we had a talk over the Co. in regard the deficit, about Mrs. & Emma Gail.

Later I went in, & had another session with Dr. Baker. Dr. Boyle was present!!

This evening I have read Sense & Sensibility and this P.M. I did some work distributing plants.

I had a call from agent. This afternoon on the Cabot campaign. I fully approved & have sent a check to J. S. Penman, 146 Bostwick St

Clear, mild.

This Fore. I walked to Hall Sq on errands.
Then I wandered round over the territory towards the river and the College new runs. Interesting.
Then called on Prof. Thurston. At lunch. Should talk with Prof. L.. Will call again.
Then called on Mrs. Goodale. Saw her & miss Mary Ware. Heard much in re Bot Mus. Makes Cmes in Curator. Very satisfactory to all.
Home then Pm. resting & drove to Hall Sq. Thence Then electrics to Bot. Club Hung up 14 sheets and talked on them later. Good meeting. Two or three others talked to me. The arranged talk postponed till Dec. 6. Came home with B, L.R. Ve

Ther SAT. NOV. 3, 1923 Wea

Clear, with some clouds, mild.

At home most all day reading writing &c.

This P.M. I called at the Williams's. Saw Blanche and had a good talk with her. Ernie was reading. I took over my 2 Vol. of Paris Bridges.

Returning home I heard that Harvard had beaten Tufts 16-0, the reverse score of last Saturday!

I am reading with much interest Sense and Sensibility by Jane Austen. Why haven't I read more of her? I mean to read her works now and make time for it.

Evening at home writing & reading. Home after all!

Sunny, then cloudy
light rain in early P.M.,
raining evening -
This A.M. I went to
the polls and voted for
Coolidge then walked
to Harv. Sq. & went to Bos-
ton. Called on Emma
& Edw at Bellevue
Court. Then to Bib's &
~~other~~ with Miss Booth.
Then back to Bellevue
Anna & Edw out & Stella
Then home, having lunched
alone at Thomson's Spa.
This evening to Mrs. Winter's
1st Fall meeting of Shakespeare Club
Pleasant time. Ex copy of the
1st Folio shown by Mr Lane-
Plans for coming winter a
Boston Club & read Hamlet
pt. 1 discussed. Courtney Guild
runs the Boat Club I understand
The plan was approved -
Home late, raining.

Clear. mild.

At home A.M. & P.M.
At noon went up
to the contest and
was there presumably
for the last time.
But it is doubtful.
This evening I went
down to Charlie Batchelder's to the Nuttall
Club. About 25 there.
Arthur Bent gave a
splendid talk of his
trip to Texas. He related many experiences on the shores
islands, inland swamps
& in the search for
birds & nesting stations &c. &c. It was
a very fine talk.
I got home rather
late and rather
tired

Sunday Nov. 4
Ther ~~Tues. Nov 6,~~ 1923 Wea

Clear, almost warm

This Am. I walked to Appleton Chapel with Mary Lester. Then drove down the east together and had a most interesting service. Rev. C L. Slattery Bishop Coadjutor. Diocese of Mass preached a splendid sermon I walked home alone.

Eddie Gray came to dinner. Nice talk. I showed him a few plants & told him what an herbarium is. Later we took the electric & went to Charlie & Effie Lord's. Lots there. Marian & husband, Roger's wife & 3 children, one boy of Grove's, sister & Marian. We start to after 9 P.M. Charlie is absorbed in his radio work. Called to Hamilton Comm. Edw. went by train to Boston 9 by electric home —

Cool, cloudy –

Busy this A.M. over the Shakespeare records. Sent notices for next meeting out.

This P.M. drove to Mr. & Mrs. E. Clemens, 21 Kirkland St. It was for daughter Friend, Elizabeth T. Ferguson. Pleasant time. Fine large beautiful home. Met many friends.

Then drove with Lucy & Mary & Annie Lambert & met Mr. & Mrs. Eliot Hubbard & De, Mrs. (Bettie) Eliot Hubbard jr. They occupy the old Read house & a beautiful new brick house corner Highland & Appleton Sts. Met host of friends especially of the Read family.

Cut home this evening via Cambridge. I can't do as much as I used to do without getting tired

Cloudy. Threatening.

At home this A.M. busy in various ways. Read a few pages of Sane Housekeeping.

After lunch went to see the Banks. I go in again to-morrow early! Fierce!!

This evening C. & Wattles came round and we had a real good time over my books &c &c. He had never seen Cumps II or the books there and in the Library. He was very much interested in my large number of Stereoscopic Views.

Miss B. returned in the evening from an all day with her relations.

Time flies with something always on hand

Clear, Calmy cool
Some snow on the hills.
raining here.

This A.M. I went down to the Banks at 9.15 & he worked on me about an hour. Then home calling on Emile Wms. who seems pretty weak but he walked home with me & sat a while. He enjoyed my Paris bridges vols. very much.

J. R. Churchill came over at 5.30 and we had a talk & dinner and then walked over to the Gray Hs. with B. L. P. and worked in the Canals plants till 10 P.M. Very busy days we are having.

I have finished Sense & Sensibility by Jane Austen and I have enjoyed it much. I love the quaint style—

Clear & brisk —
This morning walked to the Hart. Trust Co and back — Air clear & cool. Read the papers and got ready for Evolution.
The cable at 1.45 and I was invited hard in the local Flora for 4 hours, making up time lost in the Combe Martin. Though time long ahead, the cable is invisible now. How I shall regret.
This afternoon Miss B's aunt Mrs. Kelly of New Brunswick came to spend the night. She is very bright and I had a good talk with her. She was much interested in my work & various things.
I am testing the marsh plants (Class R.) at Cately.

Clear, calm, cool -
(This A.M.) walked down to Appleton Chapel and met Mr. Weatherby there. Beautiful service. Sermon by Rev. Chas. R. Brown, Yale Divinity. Thrilling sermon as I ever heard even tho' ears were stuffed. We walked home after the dedication of a Service Banner. Exquisite singing by the choir.
A while after dinner Weatherby left, and Calvin Thurston Lord et hus. band came in car & took me over to new Lord home on the old Lord Estate. Met Thurston Rogers & wife. We all had a very delightful time talking. Taylor was in the room the last hours of photographs. I took over half a dozen of my botanical sheets and all were intensely interested in the story of an herbarium & its use. Later they drove me back home. Perfect time.
Filled my March plants additions to my Flora of 1915.

Clear. cool.

At home this A.M.
Went in to Dr. Banks
this early P.M. - Then
walked back over the
Public Garden & Common.
Dr. Sprague overhauled
me and we lunched
at the City Club
and talked - We separated
at the Park St. subway.
I felt very tired on ar-
riving at home.
I expected to see the
Graf Zeppelin
but on acct of wind
She did not leave her
quarters. I should
think that these big
machines would be
impractical if wind like
this troubled them.
2° Cinc it has changed lately
- Evening at home -

Clear & cloudy, cool.

This A.M. & P.M. I have been at home writing & reading and resting.

This evening we went in to hear Barbour's last lecture at Huntington Hall on reptilian life. The stories related largely to experiences on the Equator where these creatures abound. The most extraordinary tales were told of adaptation in the stalking of eggs on the female in various ways for safety before hatching. This was the last lecture of the course. We got home before ten.

The 50th Anniversary of the N.O.C. is set for Dec. 7, the date for the Alumni of the N.E.B.C., I'm very sorry

Cleanup, meld -

This A.M. walked to Harvard Trust. Then went in to Hill Mfg Co. for Certificate, to Curtis Hauser to sell some rights, to Holzer to take some pamphlets to bind & then home again.

This P.M. at home resting & reading.

This evening I have started in on the Christmas work, for work it is. I am now copying in my red-covered blank book the list of presents for 1922, given & received - That in itself is a job - I have done quite a bit already.

I have sent a fine article in the Outlook on the Oklahoma Situation

Ther THURS. NOV. 15, 1923 Wea

Cloudy, chilly

I could [illegible] at home
[illegible] with
[illegible]. Have
started [illegible]
on my Cuts for Xmas,
copying in my books
the cuts, two teachers
[illegible]. Xmas entails a great
deal of work and I
think it should be much
simpler, so that we
could take in the
spirit of it before or
after as well as on the
day. The listing lots
of names, making selec-
tions sending & receiving
writing notes all takes
days & days before
& after. A simple card
would do it & take all the
love with it. ———

Cloudy, light rain in late P.M.

This A.M. I went over to the Gray Herb. and did some work in the Club Rooms. Saw & talked with Prof. Johnson. Walked back with Dr. Robinson. I walked to The Hb. via Harv. Sq. where I went to the Harkness Trust.

At Home this P.M. till 5 o'clock, when I went to St. John's Episcopal Church where I heard an Organ Recital and an address by Prof. Muller on the requirements of a young christian student that he must have if he would make a success of his life.

At home this evening reading Jane Austen's Pride & Prejudice, &c. I shall read all her works.

Clear, cold - calm.

At home this A.M. writing & reading & distributing plants -

This P.M. Miss Brown & I went in to Symphony Hall and heard Beebe. Numerous travelalks on Chili - It was very remarkable, the moving pictures, and colored set pictures from n. Chili through the Straits of Magellan, the sea birds, penguins, cormorants & whales, the Peace Monument Christ on the Andes all, and a thousand more, wonderfully portrayed - Home to supper

Evening spent in reading the papers & my books. Pride & Prejudice, J. Austen I am fascinated with her books and am reading them all - How unlike all other books !!

Clear & chilly. Cool

This morning I took the electrics to the College Chapel and heard Rev P. Perkins of Weston. Not at all inspiring. The choir sing effectively. Walked back with Prof. Emerton & Eleanor Clark.

Mr. Johnston came to dinner and we had a good long afternoon talking and looking over my many books &c. I have rarely had a pleasanter visit. We returned the condition of the Gray Herb. freely. I do wish there was somebody to work up to R.L.R.'s & Miss Day's positions. Money is needed.

Evening at home. A day well spent.

Ther MON. NOV. 19, 1923 Wea

Clear cold a little below 32°. Thr. & Pleas.

I stayed at home this morning & afternoon, and had a good quiet time doing some Shakespeare work filling up parts suddenly declined and especially reading "Pride & Prejudice" by Jane Austen. Her books are very interesting and finely written and depict an interesting time & condition. Hunters were always looking out for husbands for pretty young daughters especially when the estate goes out of their hands on the death of the male head. I get much interested.

This evening to the N.O.L. I go present. Mr. Brooks on Birds of Parmalee Gulch, Colo.

Clear, cool

This A.M. I walked over to the Grey Hb. to look up some matters -
In the P.M. I read some, and I try hard to do a little reading often. It is so hot to get time
While Mrs Brooms helps I got an envelope full of seeds of Rhotora from Shelburne from tulips Sent me by Mrs Pliebrook. They are put into a small box with fruit & with a letter are ready to go to G. Van Biesbroeck. Yerkes Observatory Williams Bay, Wis.. I had a letter from him for seeds for hybridization.
Shakespeare Club at Josephine Bumstead's Sonnet meeting. Went with Mary Dexter. Read Henry V. Last half. Fine moon.

Ther WED. NOV. 21, 1923 Wea

Clear, cool

At home A.M. & P.M. Sat Shakespeare motion read by Mrs. Clubs of every two weeks.

1st Use Dine Roland Thaxter. Full meeting & Eleven present including Fred Rand!! His gait is unsteady and his voice very uncertain. Roland sat by him at table and Kidder sat at the head. The evening passed very pleasantly indeed in conversation. It is a very homogeneous crowd and 10.30 came very quickly. Present R.T., J.L.S., W.D., W.A.J., M.M.S., C.W.T., O.B., C.F.B., R.T.J., N.T.K., E.L.R. —

Clear, chilly, cool.

At home A. M. & P. M. resting. Read a good deal in Pride & Prejudice. I am much interested.

This evening I went to Mrs. F. H. Briggs, 449 Beacon St. Boston. Mr. Lane ~~called~~ too. Courtney Guild & two others members of the Dramatic League came & we spent a long evening over Henry IV, Pt. 1 preparatory to the reading Dec 2. in the Boston Public Library. It will be one of the course at the Library on Sunday P. M.'s through the season. Our Club are to take part. Apparently I shall read Worcester. There is a pile of work for Mrs. Briggs to do, & she will do it.

Home very late.

Cloudy, turning to rain in the evening.

I rose late this A.M. and read over with care the part of Worcester, Mc

This P.M. Joe Churchill came at early and we had some time before dinner to discuss problems.

I had some pleasure to-day in Brown court reading the production of Henry V. [Pt I] and Miss Briggs must get somebody in Boston

This evening, T. R. C. H. met R. K. Robinson and we went to Club House and distributed sheets Till 10 o'clock —

There were some half dozen there —

Rain is falling! How about to-morrow !!!—

Raining day, varying in intensity
Evening stopping wet.
This A.M. worked at home
Went at 12.30 with Y.A.
Borges and then we drove
down to the Stadium. This
was it, the big Harvard-
Yale game. Never saw
such a crowd, we sat far
up behind the big stone pillars
and we out of the rain. The
field for a pool of water
and the playing was much
affected by it. But the
Yale men entirely out-
played Harvard and won
13—0. Then such a
scene, the Yale boys marching
round the field, knocking
down & taking off the bar
goals to take to New Haven
tossing their hats into the
air. Very tired on my return
Evening, reading and writing
& sleep.

Light clouds, clearing, very brilliant moonlight—

A wonderful change from yesterday — I have been busy all day on the Henry IV, pt. 1. It is really fun making for me. This evening I was at the Lecture Hall in the Boston Pub. Libry. from 7.15 to 10.00, then at Miss Briggs' House till 12.30!! Then home. Got to bed by 1.30!!! We have another rehearsal at Miss Briggs' Wed. 7 P.M. The reading is 4.30 on Dec. 2, next Sunday—

All the readers are seated on the stage and groups rise at times as they have Books in hand — There are so many exits running through the whole play that one must be careful to keep up——

A clear, calm day, clouding up at night.
I was tired enough this morning not to rise late. I have spent the day at home, except for a call on Mary & Sergg in the late P.M.
I have gone over my part in Henry IV, pt. 1, several times to get acquainted the better with it. The cuts are so many that they are confusing.
The rain storm of Saturday was a fierce snow storm in western Mass. and much inconvenience resulted.
I have begun, in the midst of all my doings to read Jane Austen's Mansfield Park and find it well full of interest. The great problem in it is getting the daughters married.

Judge Jenny operated upon See p. 44
Ther TUES. NOV. 27, 1923 Wea

A glorious clear cool day. At home all day except for a call from E. T. Williams this morn. I sat with him some time looking over his Notre Dame cards, many & interesting and he told much about them.

Then we took a stroll to Whitmore and on by Craigie St to Tennant Cove & back. I went home with him for a little while. Returning I met & walked a little while with Fany Emery whom I haven't talked with for a good while.

I have read my part in King Henry V. Pt. I. and also Jane Austen's Mansfield Park — Her books are all full of interest, & so quaint. The girls must get husbands. I enjoy the English —

Clear. Bracing -
This morning I called on Mrs. Ford who has just lost her brother-in-law.
Then I walked to the Harv. Trust Co. and back.
This afternoon Knowlton came out and we worked hard for four hours (1.30-5.30) on the Local Prose. A little less than half the Compositions are left.
This evening I went in to Mrs. Briggs, 449 Beacon St. for the last rehearsal of Henry IV, Part I. Some 12 were present. I hope all will go well. I am not used to this kind of work. We read the play through with cuts on every page, and come forward when our reading begins.
I got home by 11.30
Thanksgiving, to-morrow

Thanksgiving Dinner

Ther THURS. NOV. 29, 1923 Wea

Here

Clear brisk, a fine Thanksgiving Day.

At home this A.M. reading my part of Rosedale, and rehearsing the many cuts which tend to confuse.

Miss Boom & Legrie were busy with the Dinner.

A little before 2 P.M. Mary, Lacy, George appeared in the car, Ivan came soon after.

Shortly after we all sat down to a very lovely table, though I so say it. Miss B. couldn't have done better. The big turkey was very large and splendidly cooked. All the accompaniments were just right. Flowers were in the center. Six at the table.

Then we went into the parlor & talked & Ivan. Mary was much interested the pianola.

Rest of P.M. Ivan at home

Cloudy increasing warm! in evening Rain in evening

This morning I walked down to the Harvard Trust Co. met & walked back with George —

Rest of day at home on accounts & reading — D. C. —

The death of Lafe Young who died yesterday has taken away a very fine & noble character. He is so respected as a lawyer & statesman but his interest in birds & plants brought him many pleasures & friends & many will long remember him for his death —

Clear, warm, calm -
A Summer day !!

This A.M. D Harvard
Trust - Walked back
with Alice Morgan
and had a pleasant
talk -

Spent the day at home
working over treating
my part in Henry IV.
especially the entrances
and the many exits -
Had only two rehearsals.
To-morrow is the day.

Next week will be
a busy one throughout
and I guess I shall
be tired enough when
it is over - Everything
is most interesting
and I trust that
I can enjoy it all
But the 50th Anniversary
of the N.G. Dec 7. must go

Cloudy, cool - pleasant

This A.M. went in first
car from Hancock St. to
Boston. Public Library and with
the ticket read the day before
a full and fine - It was
very much of an occasion
for me. We sat in the
Auditorium some 15 or 16,
coming forward in the evening
scenes. Mrs. Chatham Brown
officiated the play & announced
the scenes - Mrs. Belton Fine
Drama, Mrs. Carleton assisted the
Drama League of Boston
Time 1 3/4 hrs. Lecture Hall.
It was fine a big occasion.
Considering the fine scenes
Falls, combined with all the
auto Pamphlet, it was very
well done. Home by 6.30
Evening quiet !!!

Sunny, mild.

At home to-day. I am pretty tired. Edith Rautenstrauch called this morning and we had a good talk.

I have taken my cycle to the cycle shop and had much needed satisfaction at the East-Norton / Mansfield Park. I like more & more Jane Austen's works. There is very strong delineation of character expressed in a very artistical manner. She has a remarkable insight into character.

I have felt tired to-day and have given up the Unitarian meeting this evening. There is much else this week.

Cloudy & fair, mild.
My cold seems not feeling well today and I am doubtful about this event. I have been busy in one way & another.
This evening I went to Miss Caplan's and all the evening I felt perfectly well & happy, and I ran the piece of Cymbeline through without the book and felt that my cold was rapidly going. I also, Mrs. Carleton read the part of Cymbeline very well & I have won a first cast thereupon.
It is interesting how the members of the Club keep up their desire & come and read, not all of course. I rode back, may write a

Shakespeare notes.

Rain, rain, rain !!!

I had a rather
wakeful night and my cold
while seeded going fast
is not gone. I have
been at home all
day feeling quite un-
comfortable. The cold
has not got on to my
lungs. I do not cough
and I am taking for
much improvement to-
morrow.

I had very satisfactory
talks over the phone this
PM. with Mrs. Briggs who
ran the Henry IV. Pt 2 reading
at the Public Library. She
told me my voice was stronger
& clearer than the others,
and that I caught up my sen-
tences as none others did.
She often spoke of it & seemed
all very gratifying.
May I be much better to-morrow.

Fierce rain last night growing cold in early AM Sky clear during day.

At home this AM. & P.M. till 5 P.M. Better but not myself at all. Feeling better and not coughing, by 4.30 I went out & Mrs. Stetson's & Eleanor's come-out party. It was very pretty throughout Eleanor looks very sweet & pretty and I had a good call and talk. I met many friends among them Mrs. Ely whom I used to see in the old days. They were friends of the Fords.

Evening at home. Cold better but not entirely gone at all.

510th Cavalry Mt. O.C.—

Ther FRI. DEC. 7, 1923 Wea

Fair clear & cool.

At home this A.M. busy 5 Dist Cavalry Mutual Club.

At 2.30 met by Council meeting in A.T.B's. Then a 4 P.M. some 40 members at A.T.B's listened to an address by Pelton Stone, well done & full of the work of to-day.

Then I went with Will Jeffries to his home & sat an hour with Mrs. J. & Clarence and rested & had a delightful talk —

Then we went to the Tavern Club, Boylston Pl. to the dinner. Some 100 present. Much enthusiasm. Stone presided very well. I sat between Jeffries & Oliver Lothrop. Dinner exceptionally good, and the speeches afterward as a rule quite bright & reminiscent. Oliver Stone me & Sage home. Wonderful occasion throughout

Clear cloudy light rain in P.M. Freezing

I walked to Stamford this morning and rested the rest of the day at home.

This evening I walked down with Semple to the Lincoln Dramatics. The play "The Boomerang" was an exceedingly successful comedy. It did not have a single character. The leading lady was taken by a Swede by name Mrs. V. H. Krivobok and was splendidly done. After the play I had a pleasant chat with a number of people, among them Mrs. Wm. Pickering of Jamaica, Mr. Millard Reed drove me to Queens where I got to bed by midnight.

Cloud and rain.

Went to Epworth Chapel this A.M. and heard a very wonderful sermon by Rev. Harry E. Fosdick. There must have been 1000 present. "I came that ye might have life, and have it abundantly". I have rarely if ever, heard a more thrilling sermon.

C. A. Weatherby came over to dinner and stayed till nearly 5 P.M. He told me about the East Oak meeting &c.

Fred Carr came at 5:30 and stayed till 10 o'clock. He brought some specimen fruiting plants from Slatys and the Longfellow near the Coon Rapids.

Altogether I have had a very surprising day. Fred is getting a hold

Sun A.M. - Cloudy P.M. rain evening.
To Gray Hs. this P.M.
Left home 1st 4,30 P.M.
Worked on, Xmas, cards &c with Mrs Brown.
Eve. Hs. met Miss Brown Miss Saunderson. The former is in Miss Gray's place - Miss Gray is at home and poorly - I fear the worst - Miss S. is in their living room. I saw them Rec'd & walked home with B. & R. Miss Ryle. I called in & had a smile for some time. I took my Paris Churches S. bank. He has x fine tone. Blanche came from Emerson where she had been giving an RC talk of French Churches. Evening on X mas

Clear mild -

A busy day - I have been working at it over X mas. Too bad - this room & I have been working over the cards which are always a pleasure if very expressive, there are so many - It is the one time of year when I send a card followed by a good letter to many of my friends.

The more substantial gifts, Miss B. helps me out with, or I could not do it. My X mas lists will show the results.

This noon I walked up to the corner & mailed a number of books -

This evening we had a lovely call from Prof & Mrs Emerton. I shall write Clara

Ther WED. DEC. 12, 1923 Wea

Clear with some clouds

Most of the P.M. spent on Xmas cards. I took a short time to go over to the Gray Hr on some local Flora work. We are now making a hole in the Conspicuitae and the rest is slowly approaching —

This evening as guest of Mr. Latimer I dined with him at the Harvard Club very pleasantly. Then later we heard Geo. H. Browne talk for 1½ hrs. using Lantern slides, on his trip through the mountains in the West, including the canyons and the Navaho Indian reservations. Well done. Home at 11 P.M. Quite an experience.

Ther THURS. DEC. 13, 1923 Wea

Cloudy — Clear

Comm'tee meeting at the Boat. Museum - Pres. Oakes Ames, Treas. Mr. Forbes Sec'y, Mrs. Hemenway, Miss Morse & Schl. Ames will furnish the lens, mirrors, assists, electricity &c. Boy found made $175.000 to run the institution.

This evening on invitation of Com'l Club Guild. I went to the meeting of the Round Table Club at the home of Mrs. Carlton W. Means, 171 Beacon St. Boston to hear Hussein Alai, Persian Minister to the U.S. Present about 40 or 45 ppl. Alai talked for 1½ hrs. on the history of Persia from antiquity to the present, clear enunciation, and in remarkable English. A remarkable presentation from an exile looking up through the late war. I talked with him later. Tea & then home →

Sun rose early Dec 4 - 14 -
Ther FRI. DEC. 14, 1923 Wea

Sun rose this A.M. some-
stormy and warm
cold below freezing,
clear as crystal -
This P.M. sent of
presents to Carl, Clarence
& St Louis - Went to
Hart. Camp and walked
home, very cold -
This P.M. worked
on Xmas cards mainly -
J.R.C. came by about
8 P.M. and we had a
good talk, and then
had dinner -
Then we went to S.L.R.
and walked over to
Club Hall where we
worked till 10 P.M.
S.L.R. & I walked home
together - Moon bright
in the west, stars
sparkling bright, and
cold - We shall get
cold weather now, I suppose

Clear cold. This A.M. 8.30, mercury 22°. Cold all day.

This morning I was at Dr. Briggs's at 10 A.M. & he worked on me an hour trying to fix me. Hardly encouraging. Home.

This P.M. Louis B. & I worked in the Habarium on X mas cards & books. Good progress made.

This evening I went in to the Symphony Concert on Mrs. A.C. Sprague's invitation and we had a splendid lot of music. A distinguished soloist on the Viola played & met with hearty response.

I reached home by about 10.45. Laurent's flute is most exquisite and it is a great treat to hear him

Clear with light clouds
very cool and bracing.

This morning I walked to
Appleton Chapel and heard
Dr. Terrot R. Glover, St. John's
College, Cambridge, England
It was a fine sermon,
but he spoke so softly that
I lost very much. In the
P.M. I walked back with Ruf
Ford & called on Wm Thos. Ford.
After dinner I worked on
Xmas. Later Dr. Rushmore
called & we had a good talk.
He examined & hopes to get
Eaton's Birds of New York.
Then Mr. Phillips Greenman called. 1st time since
Christmas. Did their mother
tell them to. We had a
good long talk on college
matters & as they stand
to-day & part of the event
Then I worked,

Clear, bracing —

Busy at home this A.M. Went to Dr Briggs at 1 P.M. Tel. is nearly thro'ly I think —

The rest of the day I have been quiet at home & kept this & that in regard to Christmas &c — The days flit by and I am very busy in one way or another most all the time. I've blessed Xmas is near at hand. The feeling & jollification that seduces, but from it, but there is a peaceful satisfaction in the day and it brings up memories of the past very vividly to me —

Clear, cold —

This Am. I stayed at home busy on Xmas. —

This P.M. I went to the Luthers R. T. Jackson reception for their daughter and Eleanor G. Noble in Will Brewster's house. How changed all was! New pictures on the walls, and a different atmosphere. Not Hubbs cordiality either. Still there were crowds. I went to the museum, where jazz music and swaying couples fill the main room that held 30000 birds !!! The big moose head over the entrance Mus. door is still there —

This evening Shakespeare meeting at Mary Dexter's. Very successful. 28 members + 6 or 8 guests. Quite a party. Good reading "Merry Wives" Browne as Falstaff was excellent. Mrs. Carleton as Mrs. Ford's Quickly equally so. —

Clear & clear -

This morning busy at home - Art & Ethel was over most of the morning. It may be the last, it may not. I came straight home and was busy ironing. Miss Bowen is in the midst of her cold. She still keeps busy and is full of comfort & energy. Xmas work is nearly done for me but will not be over till Xmas is over -

This evening Charlie Satterlee & I drove to Joe Sodaby in Sheridan car & I took Harry Spelman back with us - We had 9 sheets and the dinner & evening were very cheery & pleasant indeed. Joe's big room overlooking the basin & flights is most attractive

Ther THURS. DEC. 20, 1923 Wea

Clear & Cloudy; cool

This A.M. I went over to the Mag Herb and had a long talk with B. L. Robinson on my position on the Committee of the Bot. Dept. I don't enjoy it and am not interested in it. I may not stay on after this year —

Then I walked over and made a short call on Ned Rand — He is in pretty good shape but his general condition is much as usual. I don't see light ahead. He was pretty bright & I stayed an hour

Then home by trolley

This evening Geoff called and spent the evening. X mas is near.

Clear very warm. Men & boys without overcoats of any kind on the streets —

This morning I called on Mrs. McClure re a model of Shakespeare's home given me at the Club on Dec 10 last. She would tell at present except that Lady Isabella is in Stratford Eng. and can't be seen by me !!

I called on Mrs. Goodale & had a long talk on the Bot. Mus. problems.

This P.M. I worked 4 hours on local Flora. Great progress — We may finish in 2, certainly 3 more sessions —!!

Called on Mary Dexter. Evening at home resting —

Ther SAT. DEC. 22, 1923 Wea

Sun to cloud very mild

At home all day. I have been engaged much of the time in arranging my Xmas cards. Had a very busy morning in already and getting many off. I have already received two nice books - Everything will be listed later -

Miss Brown's cold is improving - She has been in town to-day doing a lot of the last things - She has come almost every day for me - I must know what I should have done otherwise -

Evening at home reading, doing Xmas jobs -

Wrote to Clara Emerson & Talbot wrote us & about Xmas

Rainy. very mild -

Afternoon Ken & Mac
lazy and resting. Jones
Evening (Jane Austen) How
interesting the books that
present make the times
I went in to Brighton
with Sylvia at 5.45 and
6.15 we visited the
Pavilion, Library for singing
Christmas Carols.
I sang in before at
8 Kings Road with
Hall. The waiting was
very unpleasant and
unpleasant - The reason was

91 is attacking Stalingrad
of great merit and
the audience was very
much interested. I could
see - It was thrilling
ly. The air was humid
and almost warm

Rain a little snow falling
sneeting cool: mRlr. grew
clear and cold - Evening
very clear, big moon, calm
cold -

At home Till 3.30 Rlr.
very busy especially with cook.
Went to Mary's and we
gathered together. Mary, Susie
Lucy, Mary & I and had a
couple of plums over gifts &c.

This evening Miss Brown
I went in to Beacon Hill.
It was cold & bracing & clear
with the big moon rising.
We wandered all over the place,
saw the lots of lights and
heard, with the big crowd, carols
sung from times in four places.
We saw on the Common the big
Xmas tree, and illuminated fountain
in the Frog Pond. Then home -
Then Miss B., Lizzie & I had qs
of cocoa here & ourselves -
Bed by 12.30 !! —

Christmas —
Clear and cold —
Continued in the evg.

At home this morning
over my gifts &c &c
This afternoon I read
a little and called on
Betty Chandler & her husband
on Highland St. I had a long
talk with Mr. C., and after
8 o'clock had got the children
to bed. I had a talk with
Ma. Home to supper
this evening at Mary's
request. I spent the en-
tire evening with her,
Mr. & the girls being out,
sitting in the library and
talking. We had a very
pleasant time, especi-
ally discussing old days.
I didn't leave till one
girl returned at 11 o'clock.
I got some cards & small photos

From Mrs. Edward Rowland Sill.

Clear and freezing -

Busy to-day over my X-mas presents and Annual Report for the Shakespeare Circle for 1923. These things take time which I like to lose -

This morning I walked to the P.O. & Hart's Trust. Cir cool & bracing -

This evening I called on Glover Allen. His wife & Elizabeth. Mrs Allen's mother was there. Glover tells me he is about to send Persis' mss to the printer! He has about 3 of his talks on Birds ready. We saw the X-mas tree and had a very bright time indeed. I love so much to call there -

Home before 9.30 -

Ther THURS. DEC. 27, 1923 Wea

Clear, cloudy, bracing.

This Afternoon I went up to Lucy's and had the various Christmas presents. Then by electrics to the Square - Walked home from there - After tea Lucy & I came down & various things out - Then Dorothea, Ivy & I called in there on our way out to the Boston Theatre Stadium where we had front seats & saw Barrymore in the part of Hamlet - It was a wonderful performance & he is a delightful actor & Shakespeare's Hamlet is a very wonderful piece of work - Play 3 1/2 hrs long. Home after 12. It was a great treat for me & a pleasure

Sunny sleet rain.
Some snow at last=

This A.M. Geo. came down and we talked over a notice to those of the N.O.C. who have it subscribed to the A.O.H. celebration. Then I proceeded to get ready for work.

The rest of the day was spent at home writing letters, and talking over the phone. Xmas is a busy time and I think that functions like the Shakespeare Circle might take a longer recess at this time. Xmas necessarily entails much besides the receiving & giving of gifts. It becomes a real task when it is continued with the regular details of our daily life.

Sunny Morning
- Fine Day -

Nora Collins Adams
Plu. Cot 12 M. walked
over to see Emilie.
He was not. Returning
I met Mr. Noyes and
walked with him as far
as his house on Lake View
Ave. where I met Mrs. A.
Pleasant chat. Home
this Plu. I went over
to Emilie's and had a
long talk with him. He
showed me large vols. of theatre bills & plentifully arranged
representations several years
of celebrity in theatres of all
kinds. He showed programs
of every performance of Hamlet
with details, he had ever
seen. Blanche 2 nieces
came before I left —
Evening at home —

Sunny Relatively
Freezing in evening.

At home most all day,
writing letters &c.
This morn I called on
the Spelmans & had a
pleasant talk with Mrs S.
This P.M. I called
on the Spaldings and
saw Mr. & Mrs. S. and
2 boys of Rogers &
had a long talk with
them all. Poor Mr S.
is deafer than ever
but he does pick up
his spirits faster than
any one I ever
saw, no matter how
much afflicted —
I have been practically
cutting down my list of
letters to be written
today I got out the Shake-
peare notices & cut 'em off.

Snow last night.
Cloudy to-day -

Winter is coming on.
The old year is nearly
over - I have been
at home, writing
Christmas letters
and doing some reading.
I have looked many
times during the past
year at this page
and watched its gradual
approach - I have
many blessings to be
thankful in my health
and that of Mrs Brown
and in her tireless care
and interest in the home
and in my welfare -
Fannie boy is very
faithful in every
way - May 1924 be a
healthy one in every
way for us all -

SEE OCCULTATION OF VENUS

Harvard Observatory Makes No Scientific Observations of Astronomical Phenomenon

As far as the Harvard Observatory is concerned Venus remains uninhabited. The occultation of the planet by the moon, which occurred this morning just before sunrise, although it was regarded as a beautiful and inspiring phenomenon, yielded no observations at Cambridge which would throw light on the problem whether there is intelligent life on the world's celestial neighbor.

Professor Edward S. King of the astronomy department at Harvard, who was at the observatory this morning, explained that no serious attempt to study the event was made by the observatory staff, as research work of that kind is outside the field of investigation for which the observatory is equipped. Professor King, however, watched the occultation through a ten-inch telescope, from the time it began at seven o'clock until it was completed at 7.22. At no time was the planet completely obscured. The greatest diminution of its light was at 7.10.

To the amateur star gazers who watched the unusual event with the naked eye, the planet, which is now approaching its greatest brilliancy, seemed to touch and almost come within the crescent of the moon, giving an illusion of an ocular demonstration of the oft Coleridge's much criticised line describing the moon with one star "within its nether tip." The atmosphere was clear, and in the faint light afforded by the rising sun the spectacle was one of rare beauty. The occultation of Venus is the first that has been visible in Boston or vicinity for forty-three years, the last one taking place on Dec. 7, 1877. Incidentally it may be explained that occultation is a term applied to the eclipse of stars or planets, while eclipse is reserved to describe a similar phenomenon in connection with the sun or moon.

VENUS ECLIPSE IS VALUELESS

Boston Sunday Herald
Jan. 14, 1923

Harvard Astronomers Unable to Discover New Facts About Planet

CLOUDS INTERFERE WITH OBSERVERS

The eclipse of the planet Venus, visible here about 7 o'clock yesterday morning, proved of no scientific value, according to astronomers at the Harvard observatory in Cambridge, who had hoped to discover facts throwing further light on surface conditions and the possibility of life on Venus.

Asst. Prof. Edward Skinner King stated that the eclipse, as seen through the huge telescope lens, was not complete, as part of the brilliant planet was visible above the moon's crescent throughout the entire period of occultation. The part which remained visible was shown to be obscured by clouds such as have always prevented astronomers from arriving at anything like definite information about Venus.

3

MEMORANDA

from p. 2.

UNABLE TO TAKE PICTURES

Data with respect to mathematical deductions and compilations, however, were obtained by observation of the eclipse, according to Asst. Prof W. P. Gerrish. He explained that while climatic conditions are such as to make life possible on Venus, questions of habitability must remain a matter of speculation, due to the inability of observers to obtain photographs of the surface.

Observers in Chicago reported that Venus was invisible there for nearly 45 minutes. While this phenomenon was said by astronomers at Yerkes observatory at Lake Geneva, Wis., to be not unusual, it rarely occurs that the paths of the moon and Venus cross in such a manner as to cause a darkening of Venus. Within the course of a month, they said, 15 or 20 stars will be overrun by the moon, although this occurrence is not always visible at night.

THE SUNDAY HERALD, J

Jan 14 1923

Shakespeare Lectures

A course of five public lectures by Prof. Kittredge, at Sanders Theatre, on "Five Tragedies of Shakespeare," will begin on Tuesday evening, Jan. 16, and continue on Tuesdays and Fridays. A curious history lies behind this enterprise.

Thomas Dowse, a leather-dresser in Cambridgeport, had scarcely any schooling, was apprenticed to his trade as a boy, and continued in it until his death, at the age of 84,

having lived, unmarried, in rooms above his shop. He once said to Mr. Ticknor: "When I was 28 years of age, I had never had any means but the wages of a journeyman leather dresser, at $28 a month; I had never paid $5 for travel anywhere, and never worn a pair of boots, but I possessed several hundred books, well bound."

This love of reading and collecting books developed with his prosperity, and before his death his library, estimated as costing $40,000—and now worth many times that sum—was conveyed to the Massachusetts Historical Society, making him at that time its chief benefactor. His executors, authorized by his will to distribute the residue of his estate "for literary, scientific and charitable purposes," conveyed to the City of Cambridge $10,000, on condition that $600 a year should be paid "every year forever, to provide one or more courses of lectures of the highest character on literary and scientific subjects."

This foundation, established in the golden age of lyceum lectures, attracted the most notable speakers. The names of Ralph Waldo Emerson, Henry Ward Beecher, Oliver Wendell Holmes, Wendell Phillips and many other personages of that period, appear in the early list. Prof. Kittredge is a worthy successor of these masters of public address, and his hearers will listen with unusual pleasure to his wise and brilliant interpretations.

French Fence Around the Ruhr

Berlin Transcript
Jan. 18 1923

THE limits of the occupational zone begins at Wesel, at the confluence of the Rhine and Lippe rivers, the most northerly point in the hands of the Franco-Belgian forces. The line runs east along the Lippe to Dorsten, this part being held by the Belgians, who make junction with the French at the last-named town. The French hold the Lippe to Lunen, the extreme northeast limit of the occupation. The line then turns south in a semi-circle around Dortmund to Herdecke and Witten, then southwest to Hattingen and thence, skirting Barmen and Elberfeld, joins the Duesseldorf bridgehead at Wulfrath.

TROWBRIDGE—At Cambridge, at his home, 58 Linnaean street, Feb. 18, John Trowbridge, late Rumford Professor Emeritus, Harvard University, in the 80th year of his age. Funeral at Christ Church, Cambridge, Wednesday, Feb. 21, at 3 o'clock.

DEATH OF PROF. TROWBRIDGE

He Was Prominent in Physics Department at Harvard Until Retirement in 1910, and Was Foremost in Building Jefferson Physical Laboratory for Which He Raised the Money

John Trowbridge, late Rumford professor emeritus at Harvard, and one of the best-known physicists of his time, died yesterday at his home, 58 Linnæan street, Cambridge, where he had resided ever since his marriage forty-five years ago. He had been ill only two days and last Tuesday had shovelled snow around his estate. Although in his eightieth year he had enjoyed unusually good health until taken ill last Friday.

Professor Trowbridge was born in Boston in 1843, and was the son of John Howe and Adeline Trowbridge. He received his degree of S. B. from the Lawrence Scientific School in 1865, and his S. D. in 1873. While yet a young man President Eliot called Professor Trowbridge to the physical department at Harvard which then consisted of two small lecture rooms. Professor Trowbridge, realizing the need of larger quarters began to interest his friends in his project, and almost alone he was able to raise the money to build the Jefferson Physical Laboratory at Harvard, which today stands as a monument to his enterprise and activity. He even made the designs for the building in conjunction with an architect, and gave all the work his most careful attention until the building was completed. Of this Jefferson Physical Lab-

Date.		Received.	Paid.

oratory, generally looked upon as his contribution to the world of science, Professor Trowbridge was for many years a director. Altogether he gave forty years of his life to developing this science, resigning active participation in the fall of 1910.

Before entering on his great work Professor Trowbridge was assistant in mathematics at Harvard from 1866 to 1869, and for the following year he was professor of physics at the Massachusetts Institute of Technology. From 1870 to 1880 he was assistant professor in physics at Harvard and it was then that President Eliot focussed his attention on him as one destined to advance the science of physics to an unusual degree.

Professor Trowbridge was a member of the National Academy of Arts and Sciences, the American Academy of Arts and Sciences, and the American Philosophical Society. He had written many papers on physics particularly on matters touching the electrical field and he had been a delegate to several national and international congresses of electricians. He also was the author of many volumes.

In 1875 Professor Trowbridge married Mary Louise Thayer. She died in 1907. His survivors are an adopted daughter, the wife of Edmund M. Parker of Cambridge, and a sister, Mrs. E. Sumner Mansfield.

Boston Transcript - Feb. 19 1923

Camb. Tribune, Mar 3/23

The will of Professor John Trowbridge, late Rumford professor emeritus of physics at Harvard, has been filed for probate in the East Cambridge probate court. The petition contains no valuation of the estate, which is believed, however, to be in the vicinity of $100,000. Definite bequests of $68,000, and a residuary bequest, all to relatives, are contained in the will. The State Street Trust Company, Boston, is named as executor.

THE BOSTON HERALD

TUESDAY, FEB. 20, 1923

J. TROWBRIDGE, HARVARD, DIES

Was Rumford Professor Emeritus—Gave Up Active Work in 1910

WROTE MUCH ON PHYSICAL SUBJECTS

Funeral services for John Trowbridge, late Rumford professor emeritus of Harvard and chiefly responsible for the erection of the Jefferson physical laboratory at that college, will be held tomorrow afternoon at 3 o'clock at Christ Church, Cambridge. Prof. Trowbridge died after an illness of only two days, having been in such vigorous health as recently as last Tuesday that he shoveled snow around his home at 58 Linnaean street, where he had lived for 45 years.

Date.		Received.	Paid.

He was born in Boston in 1843, the son of John Howe Trowbridge and Adeline Trowbridge. He received the degree of S. B. from the Lawrence scientific school in 1865 and that of S. D. in 1873. From 1866 to 1869 he was assistant in mathematics at Harvard and for the following year was professor of physics at M. I. T.

WROTE MANY VOLUMES

He then received an appointment to that department at Harvard, which then occupied only two small rooms. Realizing the need of larger quarters, he raised among his friends almost the entire cost of erection of the Jefferson physical laboratory. He was a director of the laboratory for many years. He resigned from active participation in the physics department in 1910.

He was a member of the National Academy of Arts and Sciences, the American Academy of Arts and Sciences and the American Philosophical Society. He was the author of many volumes and papers on physical subjects, particularly in the electrical field. He was a delegate to several national and international congresses of electrical engineers.

Prof. Trowbridge married, in 1875, Mary Louise Thayer, who died in 1907. He is survived by an adopted daughter, Mrs. Edmund M. Parker of Cambridge, and a sister, Mrs. E. Sumner Mansfield.

MOURN JOHN TROWBRIDGE

Funeral Services for Retired Member of Harvard Faculty Are Held at Christ Church, Cambridge

Funeral services for Professor John Trowbridge, Rumford professor emeritus at Harvard University, were held this afternoon at Christ Church, Cambridge. Rev. Prescott Evarts, minister of the church, officiated. Pallbearers were Professor Theodore Lyman, Professor Trowbridge's successor as director of the Jefferson Physics aboratory; Dean LeBaron R. Briggs, Professor Theodore W. Richards, Professor Edwin H. Hall, Professor W. F. Osgood and Hammond Vinton Hayes. Ushers were Professor E. K. Rand, William F. Hall, Theodore G. Bremer, Reginald H. Johnson and Stoughton Bell. The body was taken to Mount Auburn Cemetery for cremation.

Professor Trowbridge married Mrs. Thomas William Gray (Mary Louise Thayer) on June 20, 1877. She died in 1907. His surviving step-daughter is Mrs. Edmund M. Parker of Cambridge, who before her marriage was Miss Alice Gray.

Date.

HAS TAUGHT 55 YEARS AT TUFTS

Boston Sunday Herald

Prof. Fay on Faculty Since His Graduation from College

Feb. 25/923.

Fifty-five years of teaching at one college, is the record held by Dean Fay of the graduate school of Tufts College. His nearest rival, Dean Perkins of the University of Vermont, lacks one year of the mark set by the Tufts professor.

Charles Ernest Fay entered Tufts as a freshman, in 1864, and graduated in 1868, with the degree of A. B. He immediately became a member of the faculty and has remained since, this year being his 56th in the service of the college. Between 1868 and 1923, Prof. Fay has acquired the degree of A. M. and Litt. D. He is also Wade professor of modern languages and dean of the Tufts College graduate school. A few years ago he was president of the Tufts chapter of Phi Beta Kappa.

Prof. Fay is widely known and popular in other than academic fields, having made an enviable reputation for himself as a mountaineer in the Alps, the Canadian Rockies, where a peak has been named after him, and in the Appalachians. He is actively associated with several national and foreign mountain climbing societies, and was recently knighted by the Count of Monaco for his work in exploring and conquering various parts of the Swiss Alps.

Today, although in his 78th year, Prof. Fay leads a life as active as any of his younger colleagues at Tufts and is universally admired and respected by his students for his physical as well as his intellectual energy.

FOLSOM—At Cambridge, March 6, Elizabeth Coolidge Howe, widow of Dr. Norton Folsom. Funeral services at her late residence, 55 Garden street, Cambridge, Friday, March 9, at 11 A. M.

WIDOW OF DR. NORTON FOLSOM

Mrs. Elizabeth Coolidge (Howe) Folsom of Cambridge Had Been Trustee of Avon Home and a Member of First Parish Church

Mrs. Elizabeth Coolidge (Howe) Folsom, who died yesterday at 55 Garden street, Cambridge, was the widow of Dr. Norton Folsom, who was a graduate of the Harvard Medical School, served in the Civil War as a surgeon, and for several years was house physician at the Massachusetts General Hospital.

Mrs. Folsom was born at Pomeroy, O., the daughter of Uriah Tracy Howe and Sarah Templeman Coolidge Howe. She was married to Dr. Folsom in 1872, and thereafter the family home was in Cambridge.

Mrs. Folsom had been a trustee of the Avon Home in Cambridge in which she always had maintained a deep interest; and she was for many years a member of the First Parish Church in her home city. Her only survivor is a daughter, Mrs. C. J. Enebuske, with whom she made her home.

Yesterday's Blow Reminds of Winter's Windup in 1920

Fair and cold weather today and tomorrow will follow yesterday's snow. The storm came only one day later than the third anniversary of a veritable hurricane which wound up Boston's last "snow winter." On March 6, 1920, the wind attained a velocity of 80 miles an hour at Blue Hill. Yesterday's maximum was 75 miles an hour. Three years ago, there was a snowfall of 12 inches. Yesterday's fall was nine inches. After the passing of the storm in 1920, the mercury dropped to 12 above at midnight, while last nght's reading was 14 above.

THACHER—At Cambridge, March 26, Rev. Francis Storer Thacher. Services at 29 Buckingham street, Cambridge, Thursday, March 29, at 2.30 P. M.

WAS A LIBRARIAN AT HARVARD

Rev. Francis Storer Thacher Was Graduate of Bowdoin and of Harvard Divinity, Occupied Number of Unitarian Pulpits, and Had Long Been at Child Memorial Library Now Housed by the Widener Building at Cambridge

Rev. Francis Storer Thacher, a clergyman of the Unitarian denomination, died yesterday at 29 Buckingham street, Cambridge, which is the home of one of his sisters, Mrs. Thomas Wentworth Higginson. Mr. Thacher met with an accident during the winter when he fell on the ice.

Mr. Thacher was born in Machias, Me., Oct. 23, 1842, and he was the son of Peter and Margaret Louisa (Potter) Thacher. He was educated at the Rockland, Me., High School at Thomaston Academy and entering Bowdoin College he received his A. B. degree in 1866 and his A. M. in 1872. He then came to Cambridge and studied at the Harvard Divinity School from which he was graduated in 1873. Following the Civil War Mr. Thacher taught the freedmen in the South for three years, and was ordained to the ministry of the Unitarian Church in 1875, and for the next year was

Date.	Received.	Paid.

minister of a parish in Marietta, O. Subsequently he was settled over churches in Franklin, St. John, N. B.; Quincy, Ill.; Farmington, Me.; Walpole, N. H., and Warwick.

For the last fourteen years Mr. Thacher had been librarian of the Child Memorial Library, which is housed in the Widener Library on the grounds of Harvard University. He was a member of the Cambridge Association of Unitarian Ministers and for some time resided at 19 Brewster street, Cambridge. He never married, and his surviving brothers and sisters are Stephen Thacher of Cambridge, George W. Thacher of Greenfield, H. W. Thacher of St. Louis, Mo., and Mrs. H. W. Lathe, Mrs. Edward Channing and Mrs. Higginson, already referred to, all of Cambridge.

GOODALE.—At his late home in Cambridge, April 12, 1923, George Lincoln Goodale, in his 84th year. Notice of services to be announced later.

PROF. GEORGE L. GOODALE DEAD

He Was Long Identified with Natural History Department of Harvard and Was Director of Botanic Gardens Until His Resignation in 1909, Since Which Time He Had Resided Quietly in Cambridge

Professor George Lincoln Goodale, for many years Fisher professor of natural history and director of the botanic gardens at Harvard, died this morning at his home, 5 Berkeley street, Cambridge. Professor Goodale was born at Saco, Me., Aug. 3, 1839, and he was the son of Stephen Lincoln and Prudence Aiken (Nourse) Goodale.

Date.

He studied at Amherst and receiving his bachelor's degree from this college with the class of 1860, he went to Bowdoin and entered the medical department of that institution, obtaining the doctor's degree three years later. The list of degrees with which his scholastic attainments have been rewarded is a considerable one.

Six years after his graduation from Amherst he received the honorary degree of master of arts from the same college, and three years later received the same degree from Bowdoin. From Harvard he also received the degree of doctor of medicine, this distinction being conferred in the same year in which he took his doctor's degree from Bowdoin. A still greater recognition of scholarship came from Amherst in 1890, from Bowdoin in 1894, and from Princeton University two years later, when these three institutions conferred upon him the degree of doctor of laws.

As a teacher, his influence was widespread. His first work in this capacity was at Bowdoin, where from 1867 to 1872 he held a professorship in natural science. During this same period he also served as professor of materia medica at the Medical School of Maine. In 1872 his first active connection with Harvard began. Coming to Cambridge for the first year as a lecturer on vegetable physiology and instructor in botany, he became assistant professor in the former subject in the following year, a position which he held until 1878. In this year he was appointed professor of botany, a chair which he gave up ten years later to become Fisher professor of natural history.

After a long and interesting career at Harvard Professor Goodale resigned his relation with the college in the spring of 1909 but the Harvard Corporation subsequently created him professor emeritus in the Fisher professorship of natural history, this appointment dating from Sept. 1, 1909. His connection with the university, dating from 1872, has been surpassed by very few members of the faculty body.

PROF. G. L. GOODALE OF HARVARD DIES

Amherst Graduate Joined Faculty in 1872

Prof. George Lincoln Goodale, for many years Fisher professor of natural history and director of the botanic gardens at Harvard and since 1909 professor emeritus, died yesterday morning at his home at 5 Berkeley street, Cambridge.

He was born in Saco, Me., Aug. 3, 1839, the son of Stephen Lincoln and Prudence Aiken (Nourse) Goodale. He graduated from Amherst in the class of 1860.

From 1867 to 1873 he was professor in natural science at Bowdoin and at the same time served as professor of materia medica at the Medical School of Maine. In 1872 he went to Harvard as lecturer on vegetable physiology and instructor in botany. The next year he became assistant professor in the first-named subject and in 1878 was appointed professor of botany. In 1888 he became Fisher professor of natural history and resigned that chair in 1909. The Harvard Corporation then created him professor emeritus, dating from Sept. 1, 1909. His record of continuous connection with the faculty of Harvard has been surpassed by few others.

He married in 1866, Henrietta Juel Hobson of Saco, Me. She survives, as do two sons, Dr. Joseph L. Goodale of 258 Beacon street and Francis G. Goodale of Weston. There is also a surviving brother, Dr. Walter Temple Goodale of Saco.

DID MUCH IN BOTANICAL FIELD

Emily Frances Fletcher of Westford Had Been Contributor to Gray Herbarium and Had Made Complete Collection of Pressed Flowers of Her Native Town

Emily Frances Fletcher, who died at her home in Westford, was born in that town Jan. 17, 1845, the daughter of Sherman Dewey and Emily Augusta Fletcher. She was a student at Westford Academy under the preceptorship of the late Governor John D. Long, and had been closely associated with the activities of the town. Miss Fletcher was a member of the Unitarian Church and a member of the Woman's Alliance and the Tadmuck Club. She was a lover of nature, her contributions to the science of botany having brought her much fame. She frequently recorded interesting plants appearing on fields fertilized with wool waste and had sent some notable specimens to the Gray Herbarium. Her most imporant discovery was at Westford, when she found the "Wessadula Callinorpha" a native of eastern Bolivia and adjacent Brazil, which was not known to science until 1906, and even now is represented by only three collections.

She had made a complete and beautiful collection of the pressed flowers of her native town. She was a member of the Gray Memorial Botanical Chapter of the Agassiz Association and the New England Botanical Club. Miss Fletcher was an expert taxidermist and gave a valuable collection of native stuffed birds to the J. V. Fletcher Library a few years ago.

She is survived by her brother, Captain Sherman H. Fletcher, and two nieces, Gertrude D. and Julia H. Fletcher of Westford.

An Engagement in Concord

Miss Peggy Smith of Historic Massachusetts Town Betrothed to Leonard Curtis Larrabee, Harvard 1924

Mr. and Mrs. William Albee Smith of 53 Lexington road, Concord, announce the engagement of their daughter, Miss Peggy Smith, to Leonard Curtis Larrabee of Chicago.

Mr. Larrabee, who is a student at Harvard, class of 1921, makes his home, when in Chicago, with his aunt, Mrs. John D. Koven (Anne Larrabee) in North Dearborn street. Mr. Larrabee has a brother, Charles Rollin Larrabee, who was of the Harvard class of 1919. Their parents are not living.

Miss Smith attended Miss Porter's School at Farmington, Conn. In honor of the announcement of her engagement she is to be "at home" informally on Sunday afternoon, when she will be assisted by her mother and her sister, Miss Helen Smith, in welcoming some of their own friends and those of Mr. Larrabee. No time for the wedding has been set.

JUDGE G. S. LITTLEFIELD DEAD

He Was Graduate of Harvard, Class of '70, Had Been on Bench More Than Fifty Years, Was Active in Masonry and Resident of Winchester

Judge George Sherman Littlefield of Winchester died early this morning at the Peter Bent Brigham Hospital in Boston, aged 73 years. Mr. Littlefield was born in Watertown and had been practically his entire life a resident of Winchester. His parents were George Thomas Littlefield and Ann (Thorpe) Littlefield. He was for many years associate justice of the Fourth District Court of eastern Middlesex, prior to that being a trial justice in Winchester, during all of which time he practiced law in Boston. He had been a judge for more than fifty years and in the Fourth District Court he tried his first case May 18, 1870. He was a graduate of Harvard in the class of '70, and was the youngest member of his class, having entered at the age of fourteen. He also attended the Harvard Law School.

Judge Littlefield was active in Masonry and was a member of William Parkman Lodge of Winchester and for many years its master and secretary; Mystic Valley Lodge, Woburn Royal Arch Chapter, of which he was a past high priest; Boston Commandery, Knights Templar, and Aleppo Temple, Mystic Shrine. He was a member of the Calumet Club of Winchester and of the Middlesex Bar Association, and was long active in the Winchester Unitarian Church, of which he was moderator at the time of his death.

In 1874 he married Miss Georgianna Stevens of Charlestown, and she and a daughter, Mrs. Samuel F. Perry of North Wilmington survive.

HOTTER THAN ANY DAY ALL LAST SUMMER

THERMOMETER AT 94 DEGREES AT 3 P. M.—THUNDER STORMS EXPECTED TONIGHT

Reaching 94° at three o'clock this afternoon, the "hot wave" now holding Boston an dvicinity in its grip passed the "high" for this year and went one degree above the hottest day of last summer, July 13, when the mercury reacher 93°. Local showers and thunderstorms are expected to clarify the atmosphere tonight.

No record has been broken to noon in the condition which obtains generally across the country. Humidity stood at sixty-five, a little lower than yesterday, and three degrees lower than normal for this season. Where the temperatures ran from 61 degrees to 79 degrees between one A. M. and eleven A. M. yesterday forenoon, the range today was from 72 degrees, low, at five A. M., to 88 degrees at eleven A. M. Between seven and eleven o'clock the increase was thirteen degres.

Despite the mounting temperature this morning there was some relief in the breezes which crossed the city. This will continue, it is indicated, in moderate to fresh southwest winds, turning slightly cooler tomorrow. The forecast calls for "unsettled," probably local showers and thunderstorms tonight and Wednesday.

WIFE OF HARVARD GEOLOGIST

Mrs. Mary Wyman Davis Was a Life Long Resident of Cambridge and Descended from a Distinguished Family

Mrs. Mary Morrill (Wyman) Davis, wife of Professor William Morris Davis, died yesterday at her home, 31 Hawthorn street, Cambridge, after an illness of more than a month. Mrs. Davis was married in 1914. Her husband is professor emeritus at Harvard and is distinguished as a geologist, as a teacher, a scholar, and a writer. He is the holder of many honorary degrees from universities abroad.

Mrs. Davis was born in Cambridge on May 15, 1855, and was a daughter of Adeline (Wheelwright) Wyman, who died soon after Mrs. Davis's birth, and Jeffries Wyman, a member of the class of 1833 at Harvard, and a scientist with a world-wide reputation as an anatomist and as a teacher of natural history. She was a granddaughter of the late Dr. Rufus Wyman, head of the McLean Asylum in Waverley and a pioneer in the humane treatment of the insane; and she was a niece of Dr. Morrill Wyman, also a graduate of the class of 1833 at Harvard, who for many years was one of the best-known physicians in the State.

Mrs. Davis spent her life in Cambridge and for many years made her home with her sister, Miss Susan Wyman, who died prior to Mrs. Davis's marriage.

She was a granddaughter of the late Dr. Rufus Wyman, head of the McLean Asylum in Waverley and a pioneer in the humane treatment of the insane; and she was a niece of Dr. Morrill Wyman, also a graduate of the class of 1833 at Harvard, who for many years was one of the best known physicians in the State.

Mrs. Davis spent her life in this city and for many years made her home with her sister, Miss Susan Wyman, who passed away prior to Mrs. Davis' marriage.

Funeral services were held on Monday from her late residence.

$10,000 SCHOLARSHIP FOR HARVARD STUDENTS

A $10,000 trust fund from which to provide a scholarship for Harvard graduate students is created by the will of Mrs. Mary W. Davis, of this city, who passed away on July 13. Her will was filed for probate in the East Cambridge Court on Thursday afternoon.

The bequest is made to the president and fellows of Harvard College, in the names of Susan Wyman and Mary Wyman Davis, daughters of the late Jeffries Wyman, and provides that the $10,000 be held in trust and the income used each year for some student, in one of the graduate departments, who has given promise of success in some branch of biological research. It is provided, however, that the income may be divided in any one year among two or more students who by industry, good conduct and zealous effort, shall be deemed meritorious students and entitled to encouragement. They are to be known as the "Jeffries Wyman Scholarships."

The will establishes trust funds, one of $20,000 and one of $40,000, for the benefit of Helen W. Aiken and Jeffries Wyman, Jr., niece and nephew of Mrs. Davis.

Jeffries Wyman, a brother of the deceased, is named as residuary legatee for life, and upon his death the residue is to go to the nephew and niece. No valuation of the estate is contained in the will.

OLD CAMBRIDGE ESTATE SOLD

Hstoric Place at 149 Brattle Street Bought by George E. Brown of Belmont

A sale of historic interest has just been closed in Cambridge by the transfer of title from the John Brewster estate to George E. Brown of Belmont, to the Lechmere-Sewall-Riedesel house at 149 Brattle street, corner of Riedesel avenue. This property has been occupied by many distinguished families, but has been in the Brewster family since 1845. The property is valued by the assessors at $22,000, of which $12,000 is on 13,188 feet of land. After alterations and repairs Mr. and Mrs. Brown will occupy. The sale was negotiated through the office of Benjamin P. Ellis and Edward A. Andrews.

Dear Stanley Pease, you're 42
The years full lightly as they flee
Witness the flora soon to come
So well and sturdy wrought by thee.

The little help I've been to you
In Coös Co., Shelburne town
Has spurred me on full many a year
To find new plants your bros to crown.

JUSTICE JENNEY OPERATED ON

Bost. Evening Transcript Nov. 27 1923.

Chief Justice Rugg Announces That Condition of His Associate Is as Satisfactory as Can Be Expected—He Was Suffering from Gall Stones

Chief Justice Arthur P. Rugg of the Supreme Court made the following announcement today relative to the condition of Justice Charles F. Jenney.

"Mr. Justice Jenney of the Supreme Judicial Court, who has been indisposed for the last few days, was operated upon this morning for gall stones. The operation was performed by Dr. David Cheever at the Peter Bent Brigham Hospital. His condition at present, immediately after the operation, is as satisfactory as can be expected."

Justice Jenney was sick a year ago but at that time the doctors could not locate the cause of his ailment. He has only been on the bench for a short time, his health not having permitted him to devote more time to his duties.

HARDING—At Milton, Sept. 22, Benjamin F. Harding, in the 66th year of his age. Notice of funeral services later.

BENJAMIN F. HARDING DEAD

He Was a Member of the Harvard Class of 1878 and Had Devoted His Life to the Education of Boys

Benjamin F. Harding, well known as an educator in Belmont where he formerly conducted a school for boys, and for the past twenty-four years connected with the faculty of the Milton Academy, died this morning at his home on Canton avenue, Milton. Mr. Harding was in his sixty-sixth year. He was born Oct. 27, 1857, and was the son of George S. Harding of Savannah, Ga., and Louisa (Tucker) Harding of Boston.

Mr. Harding prepared for college at St. Mark's School, and entered Harvard, where he was graduated in 1878. He returned for a post-graduate course and received the degree of A. M. the following year. He entered upon his life work, which was that of educating boys immediately afterward and was a member of the faculty at St. Paul's School at Concord for several years. He afterward went abroad for study and upon his return in 1890 founded a school of his own on the old Cushing estate in Belmont.

He continued to conduct this school through 1900 when he became affiliated with the faculty at Milton Academy. He had been at Milton ever since. Mr. Harding was always interested in every line of athletic endeavor and was recognized as an excellent golfer. In Milton he was prominent in the affairs of the Hoopic-Whisick Club of which he was a member.

He is survived by his wife and by two daughters, Mrs. James Mott all well of Chestnut Hill, and Mrs. Walter K. Earle of New York City. Mr. Harding was a cousin of Rear Admiral John Hubbard, U. S. N., retired.

MILTON TEACHER BURIED

Benjamin F. Harding, a master at Milton Academy since 1900, was buried this afternoon at Mount Auburn Cemetery following services at St. Michael's Church in Milton. Rev. Vincent Leroy Bennett, rector, who has recently returned from Europe, officiated, and students at Milton Academy sang "Lead Kindly Light," "Saviour Again to Thy Dear Name We Call" and "For All the Saints." At the conclusion of the service, the boys from the Academy formed a lane outside the church, through which the casket was borne. Pallbearers and ushers were Headmaster W. L. W. Field of Milton Academy, Principal Frank S Lane of the Academy Boys' School, Albert W. Hunt, Thomas K. Cummins, Frederic Stone, Walter Jackson, James R. Hooper and Robert M. Saltonstall. On Sunday afternoon there will be a memorial service at the Academy at 4.30 P. M.

RECENT DEATHS

WIFE OF BOSTON PHYSICIAN

Mrs. Mary C. Thorndike Since Her Marriage Had Made Her Home at 20 Newbury Street

Mrs. Mary Cayford Thorndike, wife of Dr. Thomas Townsend W. Thorndike, a Boston physician, died yesterday at 20 Newbury street, which had been the family home ever since Mrs. Thorndike was married in 1907. She was a native of Skowhegan, Me., the daughter of Charles Cayford and Mary (French) Cayford. Mrs. Thorndike had had several activities to which she had given her attention, among them the Household Nursing Association, and she was a member of the Women's City Club and the Emmanuel Church. Besides her husband she is survived by three young children, three brothers, Maurice Cayford of Skowhegan, Luther Cayford and Howard Cayford of Saskatchewan, Canada; and two sisters, Mrs. Alonzo Smith of Skowhegan and Mrs. Herbert L. Burrell of Boston.
